

*Mapped results of a river modeled for a flood insurance study*

## Project Description

This **flood insurance study** is focused on the **Androscoggin County**. The following reaches are being studied in detail as part of this study. This requires detailed **field surveys** of **structures** crossing the rivers and of the **riverbed** in selected areas. The reaches are described below.

- **Androscoggin River** – Auburn, Durham, Greene, Leeds, Lewiston, Lisbon, Livermore, Livermore Falls, and Turner, ME
- **Hooper Brook** – Greene, ME
- **Sabattus Pond** – Greene, ME
- **Sabattus River** – Greene, Lisbon, Sabattus, and Wales, ME

## Contact Information

### About Us

The New England Water Science Center of the U.S. Geological Survey is conducting this flood insurance study under an interagency agreement with the Federal Emergency Management Agency, Region I.
