

Workshops

Our tea workshops are tailored for various formats of events and create a unique space for your guests to communicate, learn and share through gong fu tea sessions. No matter the topic of the workshop, we invite participants to gather around the table and indulge in selection of exquisite Taiwanese teas that are being prepared by the educators. Depending on the group dynamic, we invite participants to practice tea preparation by themselves for each other and learn to communicate own senses. During our workshop we explore intersection of tea culture, contemporary art and sciences.

Every tea session is unique, it's literally never the same, content may vary, topics can be different as we always leave room for randomness and listen to our participants and kind of pre-evaluate their exposure to tea culture.

Meet our fabulous educators:

Tata Frenkel - founder and director of Chaiculator. A radio artist, thereminist and an educator/lecturer in the fields where technology meets arts, telecommunication meets storytelling. www.wowtatafrenkel.com

Jan Glöckner - an artist, researcher who established field of Artistic Biotechnology whose research interest is mostly focused on choreographical potential of fungi, Jan is an artist who brought gong fu processes into contemporary art and so on. www.jan-gloeckner.com
