

The ND Harbour Safeguarding Policy

Purpose

Our charitable activities include working with vulnerable people. The purpose of this policy is to protect them and provide stakeholders and the public with the overarching principles that guide our approach in doing so.

Lead Trustee

A lead trustee will be appointed to provide oversight of safeguarding and to lead on any incident investigation and reporting. The lead trustee will be supported by the Chair, safeguarding leads, and CEO with regards to recording, reporting, and reviewing policies and procedures related to safeguarding.

Safeguarding Leads

There will be a designated safeguarding lead to make decisions regarding reporting safeguarding concerns to local authorities, and following through with any such investigation, report, or other contribution or communication required.

The designated safeguarding lead is Jo Black, CEO.

Safeguarding leads must be trained in safeguarding as appropriate for working with children and/or adults within a mental health setting.

Applicability

This policy applies to anyone working on our behalf, including our trustees and other volunteers.

Partner organisations will be required to have their own safeguarding procedures that must, as a minimum, meet the standards outlined below, and include any additional legal or regulatory requirements specific to their work. These include, but are not limited to other [UK regulators](#), if applicable.

Safeguarding should be appropriately reflected in other relevant policies and procedures.

Principles

We believe that:

- Nobody who is involved in our work should ever experience abuse, harm, neglect or exploitation.
- We all have a responsibility to promote the welfare of all of our beneficiaries, staff and volunteers, to keep them safe and to work in a way that protects them.
- We all have a collective responsibility for creating a culture in which our people not only feel safe, but also able to speak up, if they have any concerns.

Types of Abuse

Abuse can take many forms, such as physical, psychological or emotional, financial, sexual or institutional abuse, including neglect and exploitation. Signs that may indicate the different types of abuse are at Appendix 1.

Reporting Concerns

If a crime is in progress, or an individual in immediate danger, call the police, as you would in any other circumstances.

If you are a beneficiary, or member of the public, make your concerns known to a member of our team, who will alert a senior member of the charity.

For members of the charity, make your concerns known to your supervisor. If you feel unable to do so, speak to a trustee.

Further details of safeguarding procedures are outlined in the documents “Child Safeguarding Procedures” and “Adult Safeguarding Procedures”. All staff and volunteers must be trained in these procedures before undertaking regular duties working with children or vulnerable adults.

The trustees are mindful of their reporting obligations to the Charity Commission in respect of [Serious Incident Reporting](#) and, if applicable, other regulator. They are aware of the Government [guidance on handling safeguarding allegations](#).

Responsibilities

Trustees. This safeguarding policy will be reviewed and approved by the Board annually.

Trustees are aware of and will comply with the Charity Commission guidance on [safeguarding and protecting people](#) and also the [10 actions trustee boards need to take](#) to ensure good safeguarding governance.

A lead trustee/committee will be given responsibility for the oversight of all aspects of safety, including whistleblowing and H&SW. This will include:

- Creating a culture of respect, in which everyone feels safe and able to speak up.
- An annual review of safety, with recommendations to the Board.
- Receiving regular reports, to ensure this and related policies are being applied consistently.
- Providing oversight of any lapses in safeguarding.
- Ensuring that any issues are properly investigated and dealt with quickly, fairly and sensitively, and any reporting to the Police/statutory authorities is carried out.
- Leading the organisation in way that makes everyone feels safe and able to speak up.
- Ensuring safeguarding risk assessments are carried out and appropriate action taken to minimise these risks, as part of our risk management processes.
- Ensuring that all relevant checks are carried out in recruiting staff and volunteers.
- Planning programmes/activities to take into account potential safeguarding risks, to ensure these are adequately mitigated.
- Ensuring that all appointments that require DBS clearance and safeguarding training are identified, including the level of DBS and any training required.
- Ensuring that a central register is maintained and subject to regular monitoring to ensure that DBS clearances and training are kept up-to-date.
- Ensuring that safeguarding requirements (eg DBS) and responsibilities are reflected in job descriptions, appraisal objectives and personal development plans, as appropriate.
- Listening and engaging, beneficiaries, staff, volunteers and others and involving them as appropriate.
- Responding to any concerns sensitively and acting quickly to address these.
- Ensuring that personal data is stored and managed in a safe way that is compliant with data protection regulations, including valid consent to use any imagery or video.

- Making staff, volunteers and others aware of:
 - Our safeguarding procedures and their specific safeguarding responsibilities on induction, with regular updates/reminders, as necessary.
 - The signs of potential abuse and how to report these.

Everyone. To be aware of our procedures, undertake any necessary training, be aware of the risks and signs of potential abuse and, if you have concerns, to report these immediately (see above).

Fundraising

We will ensure that:

- We comply with the [Code of Fundraising Practice](#), including [fundraising that involves children](#).
- Staff and volunteers are made aware of the Institute of Fundraising guidance on [keeping fundraising safe](#) and the NCVO Guidance on [vulnerable people and fundraising](#).
- Our fundraising material is accessible, clear and ethical, including not placing any undue pressure on individuals to donate.
- We do not either solicit nor accept donations from anyone whom we know or think may not be competent to make their own decisions.
- We are sensitive to any particular need that a donor may have.

Online Safety

We will identify and manage online risks by ensuring:

- Volunteers, staff and trustees understand how to keep themselves safe online. We may use high privacy settings and password access to meetings to support this.
- The online services we provide are suitable for our users. For example, use age restrictions and offer password protection to help keep people safe.
- The services we use and/or provide are safe and in line with our code of conduct.
- We protect people's personal data and follow data protection legislation.
- We have permission to display any images on our website or social media accounts, including consent from an individual, parent, etc.
- We clearly explain how users can report online concerns. Concerns may be reported using this policy, or direct to a social media provider using their reporting process. If you are unsure, you can contact one of [these organisations](#), who will help you.
- We have adopted and comply with the [Charity AI Ethics & Governance Framework](#).

Working With Other Organisations

In working with other organisations, including any grant making, we will comply with [Charity Commission guidance](#) by carrying out relevant due diligence and having a written agreement that sets out:

- Our relationship.
- The role of each organisation.
- Monitoring and reporting arrangements.

Version Control - Approval and Review

Version No	Approved By	Approval Date	Main Changes	Review Period
1.0	Board	03/04/2024	Initial draft approved	Annually
2.0	Board	25/08/2024	Adjusted name of safeguarding lead	

This policy will be reviewed as part of any safeguarding incident investigation, to test that it has been complied with and to see if any improvements might realistically be made to it.
