

LIEFERN GLOBAL SERVICE LIMITED

Your Trusted Partner for **INDUSTRIAL EXCELLENCE**

ABOUT US

LIEFERN GLOBAL SERVICES LIMITED is a dedicated indigenous firm comprised of experienced, energetic, and versatile professionals. The company, along with its team of specialists, is committed to gaining the trust of its clients by employing the most effective engineering techniques, offering informed solutions for sustainable development, and integrating safety principles and precautions into every work environment.

By collaborating with clients, employees, and subcontractors, we foster innovation across all sectors to enhance efficiency, improve quality, and reduce costs for the benefit of all parties involved. LIEFERN GLOBAL SERVICES LIMITED is officially registered with the Corporate Affairs Commission of Nigeria as a Limited Liability Company.

As an Engineering Services Company, LIEFERN GLOBAL SERVICES LIMITED boasts expertise in various areas, including mechanics, electricals, automation components, instrumentation and control (products installation and services), project management and general procurement. We are recognized for our high-quality and dependable services backed by our extensive experience.

MISSION

To provide high-quality engineering (electrical, mechanical, instrumentation and control) services with unmatched reliability and excellence. We strive to support our clients' operational success by ensuring timely delivery, offering expert technical support, and continuously improving our product range and services to meet the evolving needs of various industries..

VISION

To be a World Class Engineering Service Company driven by professionalism, thus providing excellent services to our clients. We aim at building lasting partnerships with our clients by consistently delivering exceptional value and contributing to their long-term success

CORPORATE POLICIES

LIEFERN GLOBAL SERVICES LIMITED is committed to the following policies:

- Delivering high-quality service to clients to foster strong working relationships.
- Employing trained and experienced staff, and offering further training when required.
- Ensuring that we deliver project within stipulated time-frame to achieve excellence.
- Conducting operations in a manner that safeguards the health, safety, and security of employees and all individuals who may be impacted

SAFETY POLICY

The management of **LIEFERN GLOBAL SERVICES LIMITED** is dedicated to enhancing the working conditions for our employees and the broader community in which we operate. We have implemented various procedures to address environmental concerns that impact our business activities. The health and safety of our employees, clients, and the public are of utmost importance to us. We take pride in maintaining a low incidence of accidents and injuries by emphasizing the adoption of safe working practices across all sectors of our organization. To fulfill the objectives of our Health, Safety, and Environmental (HSE) policy, management will:

- Adhere to all relevant HSE legal and regulatory requirements.
- Safeguard employees, clients, subcontractors, visitors, and assets from potential harm.
- Ensure that all employees engage in the safety programs offered.
- Promote environmental conservation, guarantee the safety of all tools and equipment, supervise workers in their practices, and raise awareness regarding health, safety, and environmental stewardship.
- Provide and ensure the use of appropriate personal protective equipment (PPE) by workers while performing their duties.

TECHNICAL CAPABILITY

At LIEFERN GLOBAL SERVICES LIMITED, we take great pride in our extensive experience and the advanced technical expertise of our professionals. We assure our clients of delivering high-quality mechanical, electrical, instrumentation and automation spares as well as timely installation of machines and equipment. As a key player in the Industrial Services sector, we receive commendations from our clients for our efficient, effective, and custom.

TRAINING

LIEFERN is fortunate to have a team of experts specializing in technical and information technology training, including Sematic S7 automation, Computer Aided Design (AutoCAD), and both local and wide area networking, among other areas.

MAINTENANCE

We offer an excellent maintenance and service plan for all the services we provide, which include automation services, electrical panel maintenance, computer maintenance, and more. Our team is committed to responding promptly to all customer inquiries.

PRODUCT & SERVICES

LIEFERN is a multidisciplinary engineering services and consultancy firm that provides an extensive array of professional services. The organization is designed to achieve optimal efficiency and quality in its operations, thereby ensuring complete client satisfaction. It is organized into specific units, each with well-defined objectives, strategically arranged to meet the company's overarching corporate goals.

Some of the major products and OEMs that we work with are: Schneider Electric, Endress & Hauser, SKF, WIKA, SIEMENS, Spirax Sarco, Danfoss, 3M, HOWO, FAW, Grundfos, Bonfiglioli, Fuchs, Nord DriveSystems, Jo Oberrecht, Regal Rexnord, Sew Zurodrive.

COMPANY STRUCTURE

LIEFERN stands as a premier engineering services firm, led by a committed team of seasoned engineers and specialists who prioritize excellence and the latest technology to ensure complete client satisfaction.

Our objective at LIEFERN is to consistently deliver comprehensive and fully integrated professional services while upholding ethical standards and promoting the welfare of our employees.

We offer services and maintenance programs designed to minimize downtime and reduce ownership costs, thereby enhancing customer value and optimizing system safety and profitability. Furthermore, we acknowledge that effective operational and maintenance procedures hold little value without a strong commitment to training the personnel responsible for their implementation.
