SUMMARY

An aspiring UI/UX enthusiast with a background in MCA. Currently, I'm on an enriching journey, honing my skills in UI/UX through a course at ITLH. With a genuine passion for creating user-centric designs, I recently gained valuable experience through a front-end internship. Now, I'm eagerly seeking opportunities to contribute my skills and continue growing in the UI/UX field.

TECHNICAL SKILLS

- **Frontend Language:** HTML, CSS, Bootstrap, JavaScript, ReactJS, Material UI
- **Design Tools:** Figma, Adobe Photoshop, Adobe InDesign, Notion
- **Soft Skills:** Sketch, Problem Solving, Time management, Excel.
