Dyandra Promosindo is a Professional Event Organizer (PEO) in Indonesia, and is a sub-holding company of PT Dyandra Media International, Tbk (DYAN). Since its established in 1994, Dyandra Promosindo has managed to record impressive track record of exhibitions throughout Indonesia. Dyandra Promosindo has organized more than 850 exhibitions in Jakarta, Surabaya, Yogyakarta, Bali, Makassar, Medan and other major cities in Indonesia.

To date, Dyandra Promosindo is overseeing 11 subsidiaries engaged in the event/exhibition organizer, concert promoter, and digital agency. The eleven subsidiaries include PT Dyandra Communication (Dyacomm), PT Fasen Creative Quality (Quad), PT Visicita Imaji Semesta (Visicomm), PT Idea Besar Komunika (Ideacomm), PT Visi Sarana Media Digital (Underlined), PT Dyan Mas Entertainment (DME Asia), and PT Dyandra Global Edutainment.

With more than 1,000 exhibitors every year, including foreign exhibitors, Dyandra Promosindo has proven itself as the trusted business partner while improving itself to realize a better exhibition culture in Indonesia. Dyandra Promosindo has organized various exhibitions such as B2B exhibition, B2C exhibition, music concerts and festivals, world-scale conferences and summits.

Dyandra Promosindo is the first PEO in Indonesia with ISO 9001:2008 certification for management quality system. The exhibitions by Dyandra Promosindo, among others, are: Indonesia International Motor Show, Indonesia International Furniture Expo, Indonesian Petroleum Association Convex, International Franchise, License and Business Concept Expo & Conference, and many more.

HIMKI

HIMKI is the result of the merger of two previous organizations in furniture and craft industry namely AMKRI and ASMINDO. The merger was strongly supported by President Joko Widodo to create a single entity that is strong and huge that also serves as the government's partner in supporting the industry to encourage the competitiveness of furniture and craft products in the domestic and international markets.

HIMKI was officially declared on May 31, 2016 in Jakarta and was later confirmed on July 28, 2016 at the Ministry of Industry and on the same day was approved by President Joko Widodo at Istana Negara. HIMKI was established based on similarity in the vision, mission, and purposes among its members to collectively support the country's furniture and craft industry. The organization is expected to become the institution that is aspirational and accommodating with the spirit of equality among its members.

Daswar Marpaung

President Director of Dyandra Promosindo

The Indonesian Furniture and Craft Industry Association (HIMKI) and Dyandra Promosindo are pleased to once again welcome you to the Indonesia International Furniture Expo (IFEX) 2026. IFEX stands as one of Indonesia's leading international platforms, playing a pivotal role in connecting global buyers with the nation's finest manufacturers, while showcasing innovation, artistry, and craftsmanship in furniture and handicrafts that meet today's international standards.

IFEX remains consistent in presenting a carefully curated selection of products, highlighting Indonesia's rich natural materials, distinctive Nusantara wood carvings, that embody sustainability and environmentally friendly furniture collection.

This year, IFEX entered a new chapter with the relocation of the exhibition to ICE BSD City, Tangerang. Covering 11 halls equipped with modern facilities, the new venue is designed to deliver a more seamless, comfortable, and world-class exhibition experience for all participants.

The venue transition marks a significant milestone in IFEX's journey, providing expanded space to accommodate the growing enthusiasm of furniture and craft industry players from both domestic and international markets. With increased capacity, IFEX 2026 is expected to welcome a broader range of exhibitors. We are committed to creating greater opportunities for Indonesia's creative industry players to showcase their finest products and demonstrate their competitive edge on the global stage.

Beyond serving as a product showcase, IFEX 2026 is designed as an integrated platform where manufacturing excellence converges with design innovation. It is a space where business leaders engage directly with global buyers, while gaining fresh perspectives on design directions, evolving market trends, and international quality benchmarks.

We extend our sincere appreciation to all parties who have contributed to the successful organization of IFEX 2026. Our gratitude goes to the Ministry of Industry, the Ministry of Trade, the Ministry of Creative Economy, the Ministry of Foreign Affairs, Indonesian Embassies, Consulates General, and Indonesian Trade Promotion Centers (ITPC) in partner countries. We also thank HIMKI, exhibitors, supporting partners, media, the organizing committee, and every stakeholder whose collaboration has made this event possible.

Through your unwavering support and enthusiasm, this exhibition has grown into a leading reference point for quality and innovation in the global furniture sector. Join us at IFEX 2026 to explore emerging trends, build meaningful networks, and spark new ideas.

Jakarta, 5 March 2026

Daswar Marpaung
President Director

Abdul Sobur

Chairman of HIMKI
Indonesia Furniture and Craft Industry Association

The global furniture landscape is undergoing a profound transformation, with the Asia-Pacific region emerging as a defining force in shaping the future of the industry. Within this dynamic momentum, Indonesia stands confidently—rooted in heritage, strengthened by innovation, and guided by sustainability.

Indonesia's furniture and craft industry is built upon centuries of cultural dialogue and artisanal mastery. From responsibly sourced timber to the expressive versatility of rattan and bamboo, our materials are more than resources—they are reflections of identity, craftsmanship, and place. As global markets increasingly value authenticity, traceability, and environmental responsibility, Indonesia's commitment to sustainable production and design excellence has never been more relevant.

The Indonesia International Furniture Expo (IFEX) 2026 arrives at this pivotal moment. As the largest B2B furniture and craft exhibition in ASEAN, IFEX has evolved beyond a trade platform into a strategic global stage—where manufacturers, designers, buyers, and industry leaders converge to explore collaboration, expand markets, and shape the direction of design and manufacturing across continents.

With its continued growth and expanded venue at ICE BSD City, IFEX 2026 reflects the rising scale and ambition of Indonesia's industry. This year's theme, "Globally Crafted," captures our collective spirit where local mastery meets global opportunity, and where tradition and contemporary innovation intersect to create enduring value.

IFEX is not merely a marketplace; it is a reflection of Indonesia's aspiration to lead with integrity, creativity, and resilience in the global furniture arena.

On behalf of the Indonesia Furniture and Craft Industry Association (HIMKI), I warmly welcome you to IFEX 2026. May this edition inspire meaningful partnerships, foster sustainable growth, and further elevate Indonesia's presence on the world stage.

Welcome to IFEX 2026 - where Indonesia's craftsmanship meets the world!

Jakarta, 5 March 2026

Abdul Sobur
Chairman of HIMKI (Indonesia Furniture and Craft Industry Association)

Agus Gumiwang Kartasamita

President Director of Dyandra Promosindo

According to Expert Market Research, the global furniture market was valued at US\$736.21 billion in 2025 and is projected to grow by 5.2% in 2026. In terms of raw materials, wooden furniture still accounts for approximately 62% of the global market. This trend underscores significant opportunities for producing countries with strong wood-based manufacturing capabilities, including Indonesia, thereby strengthening Indonesia's presence in the global market.

The future of the global furniture market will be influenced by trends such as a shift in consumer preferences towards more functional, ergonomic, and customized furniture, particularly modular and convertible designs; increasing demand for sustainably made furniture, along with a growing preference for environmentally friendly materials, including certified wood; rising demand for convenience-enhancing features such as USB charging ports and hidden storage; and the continued expansion of online shopping and greater adoption of Industry 4.0-based technologies.

Given these global market dynamics, Indonesia is well-positioned to play a more significant role in the international furniture industry. Supported by the availability of raw materials, skilled craftsmanship, and diverse product designs, Indonesia possesses strong competitive advantages. Our industry is further strengthened by competitive manufacturing capabilities and a rich design heritage that combines tradition with contemporary innovation. At the same time, growing domestic demand for furniture provides additional momentum for industry development and enhances overall supply chain resilience. To capitalize on these opportunities, collaboration among stakeholders is essential, particularly to ensure sustainable raw material availability, improve productivity, foster innovation, and strengthen Indonesia's global branding and market reach.

The government will continue to coordinate efforts to support the development of the furniture and craft industries. The Ministry of Industry remains committed to implementing policies that foster more conducive, competitive business climate. We also collaborate with relevant institutions to ensure the availability and sustainability of raw materials, facilitate investment, and promote improved export performance. In terms of promotion and branding, the Ministry of Industry is committed to supporting exhibitions, particularly international events such as the Indonesia International Furniture Expo (IFEX) 2026. The exhibition will be held from 5 to 8 March 2026 at the Indonesia Convention Exhibition (ICE), BSD City, Tangerang, and serves as a strategic platform to expand market access and strengthen Indonesia's position as a reliable global supplier of high-quality furniture.

I hope that IFEX 2026 will continue to serve as Indonesia's leading international furniture exhibition, providing a platform where industry and potential buyers can interact and conduct business. Through this exhibition, let us demonstrate to international buyers that Indonesian furniture products are high-quality, stylish, environmentally friendly, sustainable, and capable of meeting global market demands, while fostering long-term partnerships and mutually beneficial business cooperation.

Last but not least, I would like to express my appreciation to HIMKI for its continuous commitment and dedication to developing Indonesia's furniture and craft industry.

Congratulations to HIMKI on hosting and organizing IFEX 2026. I look forward to its successful and productive outcomes that contribute to the growth of Indonesia's furniture exports and international partnerships.

Karana Collection by designer Hendro Hadinata, in collaboration with the American Hardwood Export Council (AHEC), brings Balinese philosophy into contemporary design. Inspired by Tri Hita Karana, harmony between people, nature, and spirit, the collection combines cultural storytelling with sustainable materials and local craftsmanship.

The collection features two of America's most distinctive timbers: Red Oak and Cherry.

PERFECTED CONTROL OVER YOUR MASSAGE

Triple Control Access

NEWEST FEATURES!

LED Remote Touch Screen

Layar sentuh memudahkan pemilihan mode dan intensitas pijatan, inflasi *airbags*, sudut sandaran kursi, *volume* speaker, hingga suhu kursi via *heat therapy*.

AVA (Advance Voice Assistant)

AVA merupakan asisten virtual yang cukup diaktifasikan lewat suara Anda. Tanpa harus bergerak, cukup sebutkan mode pijatan yang Anda inginkan dari 15 perintah otomatis.

i-Touch Wheel

Terletak pada bagian kanan tangan untuk memudahkan pengaturan sudut kursi dan beberapa fungsi lainnya.

HEAD-TO-TOE BODY SCAN

1. Pijat untuk kepala, leher dan bahu
2. *Airbags*
3. *Heater* 40°- 45°C pada bagian punggung dan kaki
4. *Roller massage* pada bagian punggung dan bokong
5. Tekanan, vibrasi dan roller pada betis dan kaki
6. *Roller* pada telapak kaki

OTHER FEATURES

Dual Zero Gravity Recline & Leg Stretch

Pilih antara 2 posisi sandaran: berbaring secara menyeluruh (135°) atau setengah berbaring (118°). Serta pijatan kaki yang maksimal karena dapat diregangkan sepanjang 16cm.

Ergonomic Six Points - SL Curve Rail

Teknologi *SL Track* memastikan bahwa *3D Massage Roller* menjangkau bagian tubuh secara ergonomis dan mendalam: dari pundak, tulang belakang, pinggang, bokong, hingga paha belakang. Bentuk kursi dirancang sesuai dengan postur tubuh alami hingga nyaman diduduki untuk jangka panjang.
