

LONDON ARCHITECTURAL ALUMINIUM  
SPECIALISTS IN ALUMINUM ARCHITECTURAL GLAZING

# OUR EXQUISITE BESPOKE WINDOWS, DOORS AND SCREENS

London Architectural Aluminium is proud to offer a premium range of steel-inspired architectural glazing solutions from the UK to the UAE. Designed to elevate your living space to new heights, our collection boasts a stunning range of exterior windows and doors that replicate the iconic steel look, as well as a variety of stylish interior doors and screens. Our meticulously crafted glazing solutions are guaranteed to transform your living space into something truly extraordinary.

# LAA - STEELVIEW RANGE OF WINDOWS AND DOORS

The LAA-Steel View steel look system leverages cutting-edge, high-performance materials to fabricate a collection of doors, screens, partitions, and windows that exhibit the quintessential steel look style. The resulting products feature a timeless industrial finish, complemented by slim sightlines that facilitate ample natural light penetration, all the while ensuring superior thermal, security, and weather-resistant performance.

## KEY FEATURES

RECOMMENDED DESIGN LIMITS:

# LAA SLIDE - SLIDING PATIO DOORS

Experience an enhanced view from the comfort of your home with our LAA-Slide sliding patiodoors. Boasting the slimmest sightlines in the industry, measuring at only 20mm, these installations optimize the amount of glass utilized in their design. As a result, you can bask in an abundance of natural light and enjoy unobstructed views of your garden and surrounding environment. This transformation will not only elevate the external aesthetics of your home but also create a spacious ambience within.

# LAA FOLD - BI-FOLDING DOORS

The contemporary steel-look bifold doors in the LAA - Fold line offer a modern and stylish alternative to traditional steel doors, with the added benefit of some of the slimmest sightlines available at only 94mm. These doors are ideal for both residential and commercial applications, particularly for heritage properties and building renovation projects where a modern replacement or alternative to old steel is required. Additionally, the addition of transoms to the bifold doors can transform them into a vintage style product that perfectly suits the art deco steel-look theme, providing even more design flexibility. With the StahlFold line, you can enjoy a contemporary and elegant solution that enhances both the aesthetic and practical qualities of any property.
