PROFILE

Passionate and detail oriented architecture student with a strong foundation in sustainable design, drafting techniques and modeling softwares. Experienced in developing architectural drawings, 3D models, and design concepts through studio projects and internships. Dedicated to exploring innovative, environmentally responsible design solutions, and eager to contribute to dynamic design teams and further develop expertise in the field of architecture.

WORK EXPERIENCE

ARCHITECTURAL STUDENT INTERN | 2024

Wheeler Goodman Masek & Associates, Inc. | Stevensville, MD

- Assisted in producing detailed architectural drawings and 3D models using AutoCAD and Revit, enhancing visualization for client proposals
- Conducted site analysis, contributing valuable insights to inform design decisions
- Gained hands-on experience in material selection and construction methods, deepening knowledge of building processes
- Collaborated with senior architects and design teams on construction documents, ensuring clarity and accuracy in project development

POOL CLERK | 2023

Cove Point Pool, Kings Landing Pool | Calvert County, MD

- Efficiently managed responsibilities at 2 locations, adapting quickly to different work environments
- Provided one-on-one assistance to 100-200 patrons per shift, ensuring high-quality customer service
- Addressed customer inquiries via phone and in person, effectively communicating facility information
