Disclaimer

This GFE shows the costs of services that are reasonably expected for your health care needs. This is only an estimate regarding services reasonably expected to be provided at the time the GFE is issued, and actual services and charges may differ from the good faith estimate. Additionally, there may be additional services the provider recommends as part of the course of care that must be scheduled separately and are not reflected in the GFE.

The GFE is not a contract and does not require the uninsured (or self-pay) individual to obtain the items or services from any of the providers or facilities identified in the good faith estimate.
