PENNY THE PICKLE'S BACKPACKING ADVENTURE

Seven Natural Wonders

MEET THE AUTHOR

Hey! I'm Rin— part-time forest protector, full-time dreamer, and the creator behind Pickle Books — where curiosity is cool and talking produce is totally normal.

Based in Ballarat, VIC, I spend my workdays out in the forest, looking after our beautiful Aussie bush. But once the boots come off, I dive headfirst into a world of rhymes, passports, and a pickle on a mission.

My debut picture book, Penny the Pickle's Backpacking Adventures: Seven Natural Wonders, is a globe-trotting, rhyme-rocking adventure story that's all about courage, curiosity, and the magic of our planet. Inspired by some of my own real-life travels with my hubby, Ollie.

Penny explores epic natural wonders — with a ladybug sidekick (a quiet tribute to my sister, who passed away in 2023 but is always with us in spirit).

This year's **Children's Book Week** theme is "**Book an Adventure**" — and honestly, what better way to do that than with a gutsy little pickle, a rhyming map, and a whole lot of heart?
