

THE “BLACK MAGIC” OF THE SU CARBURATOR

Technical event presented by Steve Collins, SAJC’s technical director.

You are invited to a technical double treat on Saturday, January 17th. This will be our first event of the year, featuring a presentation on the basic operation of the renowned and ingeniously designed SU (Skinners Union) carburetor, which was produced for approximately 80 years.

In addition, Ken James has generously offered to host the event in his shop. Attendees will have the chance to admire his impressive car collection, which includes 14 Jaguars, notably featuring a 1936 SS Touring Car among many other remarkable marques.

- Meet for breakfast at 9:00 AM at Mary’s Tacos, (reputed as the best tacos in Boerne), located at 518 E. Blanco Rd, Boerne, TX 78006.
- After breakfast, (10:00ish) it’s a short drive to Ken’s shop at 419 Twin Canyon Dr., in Boerne as well.

The presentation and the visit are expected to last until about noon. Please remember to bring your own snacks and refreshments.

Don't miss this interesting and highly informative event. It's a great opportunity to meet with fellow club members and kick off our 2026 events at full speed!

See you there!
