

Coming Back To You

(Official song recorded in Ab)

Lyrics

(Verse 1)

I've spent a lifetime chasing gold
Searching for something secure to hold
But everything seemed to fall away
Coming back to You

(Verse 2)

Identity and meaning
Defined by the eyes of the world
Whatever I did it was never enough
Coming back to You

(Verse 3)

In the wilderness on my own
Wondering can I still make it alone
But the darkness closes in
Coming back to You
To You
To You

(Chorus)

All we searched for was You Lord
All we longed for was You Lord
To be here, here in Your presence
Gave us a home forever
Identity in the Saviour
And life, life in all its fullness

(Middle 8)

Coming back to You Lord
Coming back to You Lord
We're coming back to You Lord
We're running back to You Lord

(Bridge)

Yours in the Glory

Yours is the Honour

Yours in the Power

For now and evermore

Let Your Name be lifted higher

Let Your Kingdom come and fill the earth
