

# Work in Progress

(Official song recorded in D)

Key of D

## Intro: A G D (x4)

**G** **A**  
Well the past it may have broke me  
**G** **A**  
I'm gonna use it all for Your glory  
**D** **A**  
I was held down by things I'd done wrong  
**D** **A**  
They've defined who I am for too long  
**G** **A**  
The devil may have been using my shame  
**D** **A**  
God's using mistakes to raise his name

(Pre)

**Em**  
God Your courage it is in me  
**Em**  
So send me out to set the world free

(Chorus)

**A** **G D**  
Oh my chains are gone and I'm letting them go  
**A** **G D**  
And I'm no longer defined by my mistakes of old  
**G** **A D**  
My purpose now is much higher than my own  
**A** **G D**  
Standing on my past it's not holding me down

## A G D (x4)

**G** **A**  
Well I know that my battles aren't over  
**G** **A**  
With God beside me I can fight stronger  
**D** **A**  
Whatever the devil throws my way  
**D** **A**  
I know it can't stand against God's army
