SPATIAL COMPUTING CLOUD PLATFORM

The Next-gen Brand Marketing and Monetization Solution

A large, glowing circular graphic on the left side of the slide. It consists of a bright cyan ring with a purple-to-blue gradient, set against a dark, textured circular background that also has a similar gradient. The overall effect is futuristic and digital.

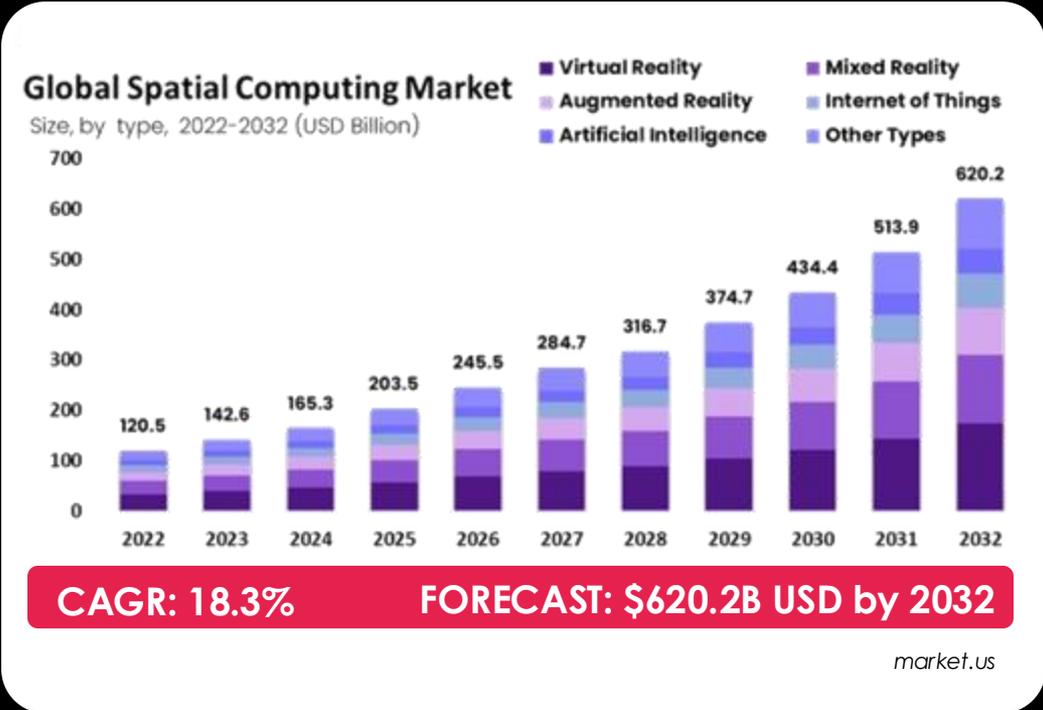

SPATIAL COMPUTING BACKGROUND

WHAT AND WHY SPATIAL COMPUTING

Spatial Computing Market is Huge

Spatial computing¹: digitization of activities of machines, people, objects, and the environments in which they take place

Projections: **\$620.2B USD market share** by 2032

¹Also known as 'Metaverse'

Big Brands are Capitalizing

Nike, Inc. made **\$185.24M to date** since NFT launch in 2022 metaverse in 2023

dune.com

A large, glowing circular graphic on the left side of the slide. It has a bright blue and purple neon-like ring with a soft, ethereal glow that fades into the dark background.

ozone™

WHAT AND WHY OZONE

Ozone™ 's proprietary, **all-in-one, turnkey solution** allows you to build and monetize your own branded spatial computing platform **in real time**

DEMO

A large, glowing ring graphic on the left side of the slide, with a gradient from purple to blue and a bright cyan highlight at the bottom. It has a 3D effect and is set against a dark background with colorful light streaks at the top.

ozone™

HIGHLIGHTS

ozone™ vs. Others

1. Light infrastructure
2. Cost-effective
3. Eco-friendly
4. Cloud-based/Web-based
5. Works on all devices, OS
6. Web2 and Web3 interoperability
7. Cross-border physical and digital
8. User journey funnel, cart to checkout remains within the same space
9. Crypto-wallet, crypto, credit card payments
10. Easy, e-wallet payment options kept within the same space – friendly to non-crypto fans

Competitors

1. Large infrastructure
2. Expensive
3. High-energy consumption
4. Must download
5. Desktop/laptop only and OS-specific
6. Web3 or Web2 only
7. Digital only
8. Fragmented user journey and funnel, launching different pages, carts and checkouts
9. Specific crypto-wallet only
10. Complicated e-wallet payment options and navigates out of space – not-friendly to non-crypto fans
