What is *Lucha*?

Life University aims to instill enduring values in our wrestlers. We are dedicated to utilizing wrestling as a means for education and offering opportunities for academic, social, and athletic development through significant wrestling experiences. The *Lucha* Mentality emphasizes caring, commitment, and competition to maximize an individual's potential for success in all aspects of life, not just on the wrestling mat.

Lucha is more than a sport; it's a way of life!
