You Cannot Call the Destruction of Your Home a Job

A Global Warning from Earth's Living Systems

THE TRUTH

Every day you wake up to mine, poison, and destroy your home — Earth.
You call it "industry", "development", "economy".

But this is not progress.

It's ecocide.

It's racism.

It's a curse on all life.

MINED ELEMENTS — THEIR USES & ABUSES

- **Base Metals**

Iron, Copper, Aluminum, Nickel, Zinc, Lead, Tin, Chromium, Manganese

→ Used in steel, electronics, vehicles, buildings

→ *Abuse:* Massive energy + water use, environmental poisoning

- **Precious Metals**

Gold, Silver, Platinum, Palladium

→ Used in finance, jewelry, solar, electronics

→ *Abuse:* Mined with cyanide and mercury, displacing communities

- **Rare Earth Elements (REEs)**

Neodymium, Dysprosium, Terbium, Lanthanum, Cerium, etc.

→ Used in EVs, weapons, tech, magnets

→ *Abuse:* Extracted through radiation-heavy waste in Africa and Asia

- **Radioactive Elements**

Uranium, Plutonium, Thorium

→ Used in nuclear weapons, power plants

→ *Abuse:* Entire regions contaminated, Indigenous lands desecrated

- **Non-Metals & Critical Minerals**

Sulfur, Phosphorus, Lithium, Coltan, Bauxite, Mica, etc.

- Used in batteries, fertilizers, cosmetics, AI
- *Abuse*: Child slavery in Congo, toxic cosmetic ingredients

NATURAL PURPOSE — THESE ELEMENTS ARE NOT JUST "RESOURCES"

- Iron & Cobalt: Stabilize Earth's magnetic field
- Lanthanum & Carbon: Filter water in aquifers
- Phosphorus & Sulfur: Enable plant & forest growth
- Gold & Mica: Reflect solar radiation, prevent overheating
- Plutonium & Lead: Absorb harmful radiation underground
- Platinum: Reduces tectonic tension, balances geologic pressure

They're sacred. Ripping them out is destabilizing the planet.

WHAT YOU ARE CAUSING

- **Poisoned Water:** Dead rivers, toxic springs, cancerous communities
- **Mass Extinction:** Microbes, animals, trees — wiped out
- **Human Suffering:** Child labor, rape, displacement in the Congo, Amazon, and South Africa
- **Climate Collapse:** Mining releases CO₂, methane, and rare gases
- **Spiritual Genocide:** Sacred lands, burial sites, and heritage destroyed

DID YOU KNOW?

- Coltan and lithium mining = child slavery + water wars
- Ocean mining = collapse of plankton = loss of 70% of world's oxygen
- Destroying fungal forests = loss of natural rainmakers
- Magnetized rocks = critical for Earth's energy grid balance

NUCLEAR APARTHEID: THE RACIST PYRAMID OF ANNIHILATION

WHO OWNS THE BOMBS?

Rich white nations.

Who suffers the testing, fallout, displacement?

Black, brown, and Indigenous peoples.

HOW NUCLEAR WEAPONS END LIFE

- **Mass Slaughter:** 1 bomb = 500,000+ dead in minutes
- **Fallout Cancers:** Cesium-137 lingers for generations
- **Famine:** Soot from war = nuclear winter = 2+ billion dead
- **Collapse:** EMPs destroy water, hospitals, food, safety

- **Extinction:** 1 U.S.–Russia war = 5+ billion starve, world ends

RACISM IS NOT SUPREMACY — IT IS A CURSE

When you steal, enslave, and kill under the name of profit and race,
you are not superior.

You are cursed.

You are destroying your own future.

WEAK MEN CREATE TOUGH TIMES

You didn't build a future.

You planned bunkers and bombs while calling it "progress."

- **You prepared for destruction, not peace**
Earth bunkers for the elite.
Nuclear arsenals for power.
AI warfare and resource hoarding.
All while poisoning the air, the water, and the future for everyone else.

DISTRACTION IS YOUR STRATEGY

While people fight over borders, race, gender, and ideology, you are:

- Drilling the ocean floor
- Extracting the planet's blood
- Stockpiling weapons of mass extinction
- Undermining democracy with AI, disinformation, and debt

BUT NO BUNKER WILL SAVE YOU

When the Earth collapses,
when the waters rise,
when the sun burns through the poisoned air,
your bunkers become tombs.

Your weapons become your end.

THE PLANET IS NOT A TARGET

- **This ends now.**
- **We reject your false strength.**
- **We fight for sacred life, truth, and the restoration of Earth.**

JOIN THE CAMPAIGN: "STOP MINING THE PLANET TO DEATH"

- Restore balance
- End environmental racism

- Expose corporate crimes
- Reject the myth of supremacy
- Protect what remains — for all life
