# Who We Are

Al Falah Textile is a trusted woven and knit fabric manufacturer with over 26 years of industry experience. Our textile business is a traditional family business proudly passed down through generations, built on trust, quality, and long-term commitment.

We specialize in premium pocketing, lining, and woven fabric solutions for the garment and textile industry. With 70+ own looms, additional production support, and a monthly capacity of approximately 700,000 yards, we deliver consistent quality through modern manufacturing, strict quality control, and internationally test-approved dyeing and finishing standards.

We proudly serve 80+ clients including leading garment manufacturers across local and international markets.

# Quality Textiles, Trusted Worldwide

Delivering premium textile products  
with excellence and reliability.

Years Of Experience

Since 1975, Al Falah Textile founder Tuzammel Hossain has been dedicated to fabric weaving, starting with traditional hand looms and growing the business into a trusted textile manufacturer. After 1996, the company expanded into manufacturing premium cotton check fabrics and pocketing fabrics. Today, Al Falah Textile produces a wide range of fabrics including twill, poplin, voile, pocketing, mesh, and various knit fabrics for local and international markets. Through quality craftsmanship and reliable service, the company has built strong partnerships with 80+ buying houses and garment industries, earning a reputation for delivering sustainable, high-quality fabrics with dependable after-sales support.
