

SHORT VERSION OF BIOGRAPHY

Philip T. Laessoe - 2025

Philip Laessoe is a four-time BCCMA award-nominated Danish-Canadian Keyboardist, Pianist & Vocalist who resides in beautiful Vancouver, BC. As a newcomer back in 2010, he graduated with the highest honours from The Art Institute of Vancouver winning several awards for his creative and soundscape-based music. He naturally went on to produce music and sounds for the earliest iPhone games, as well as arrangements and co-writing for upcoming local and international Pop/R&B & Hip-Hop music artists. Navigating a challenging immigration journey for 7+ years catalyzed much growth at the level of soul and lead him to reconnect with his roots of performing, singing and playing Piano/Keyboard since the age of 6. He also passionately teaches Modern Piano, Music Production & Composition while balancing his commitments to a variety of exciting live and studio music projects as well as guiding people who are walking a similar soul path. Philip loves to entertain, spread positive energy and inspire audiences with his musical talent. He travels across North America with bands, yet his musical language is gradually shifting towards a more personalized and soulful expression performing as a Solo Pianist & Vocalist.
