The
CLAUSE

A dynamic concert photograph of the band The Clause performing on stage. The stage is bathed in a dramatic blue light, with the band members silhouetted against the bright background. The lead singer is in the center, holding a microphone, flanked by two guitarists. A large crowd of spectators is visible in the foreground, their hands raised in the air, creating a sense of energy and excitement. The band's name, 'The CLAUSE', is prominently displayed in a stylized, white, blocky font on the left side of the stage.

MOTORSPORT PHOTOGRAPHY

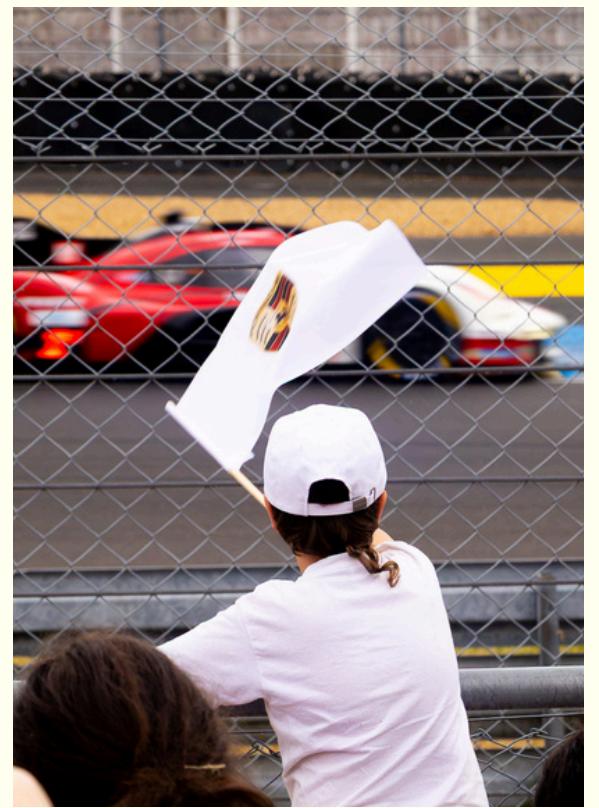

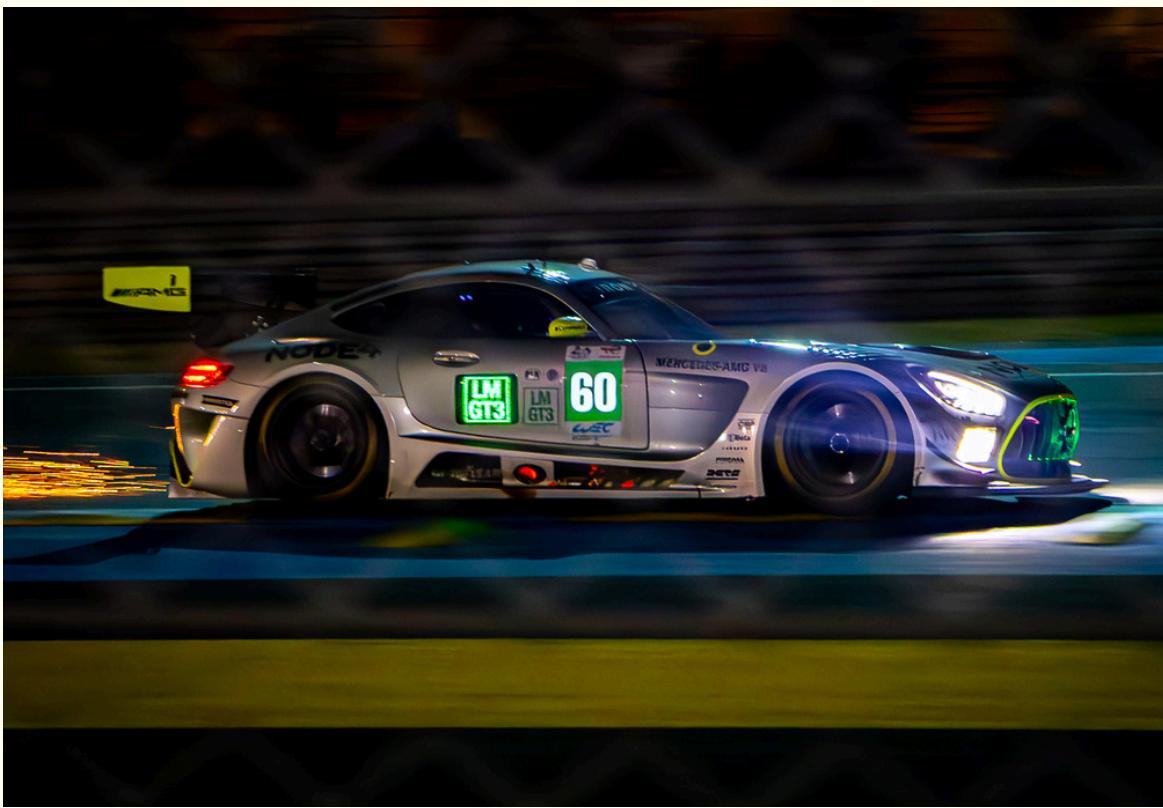

Capturing the speed, precision, and adrenaline of racing. From the trackside intensity to intricate detail, I focus on the moments that define the motorsport experience.

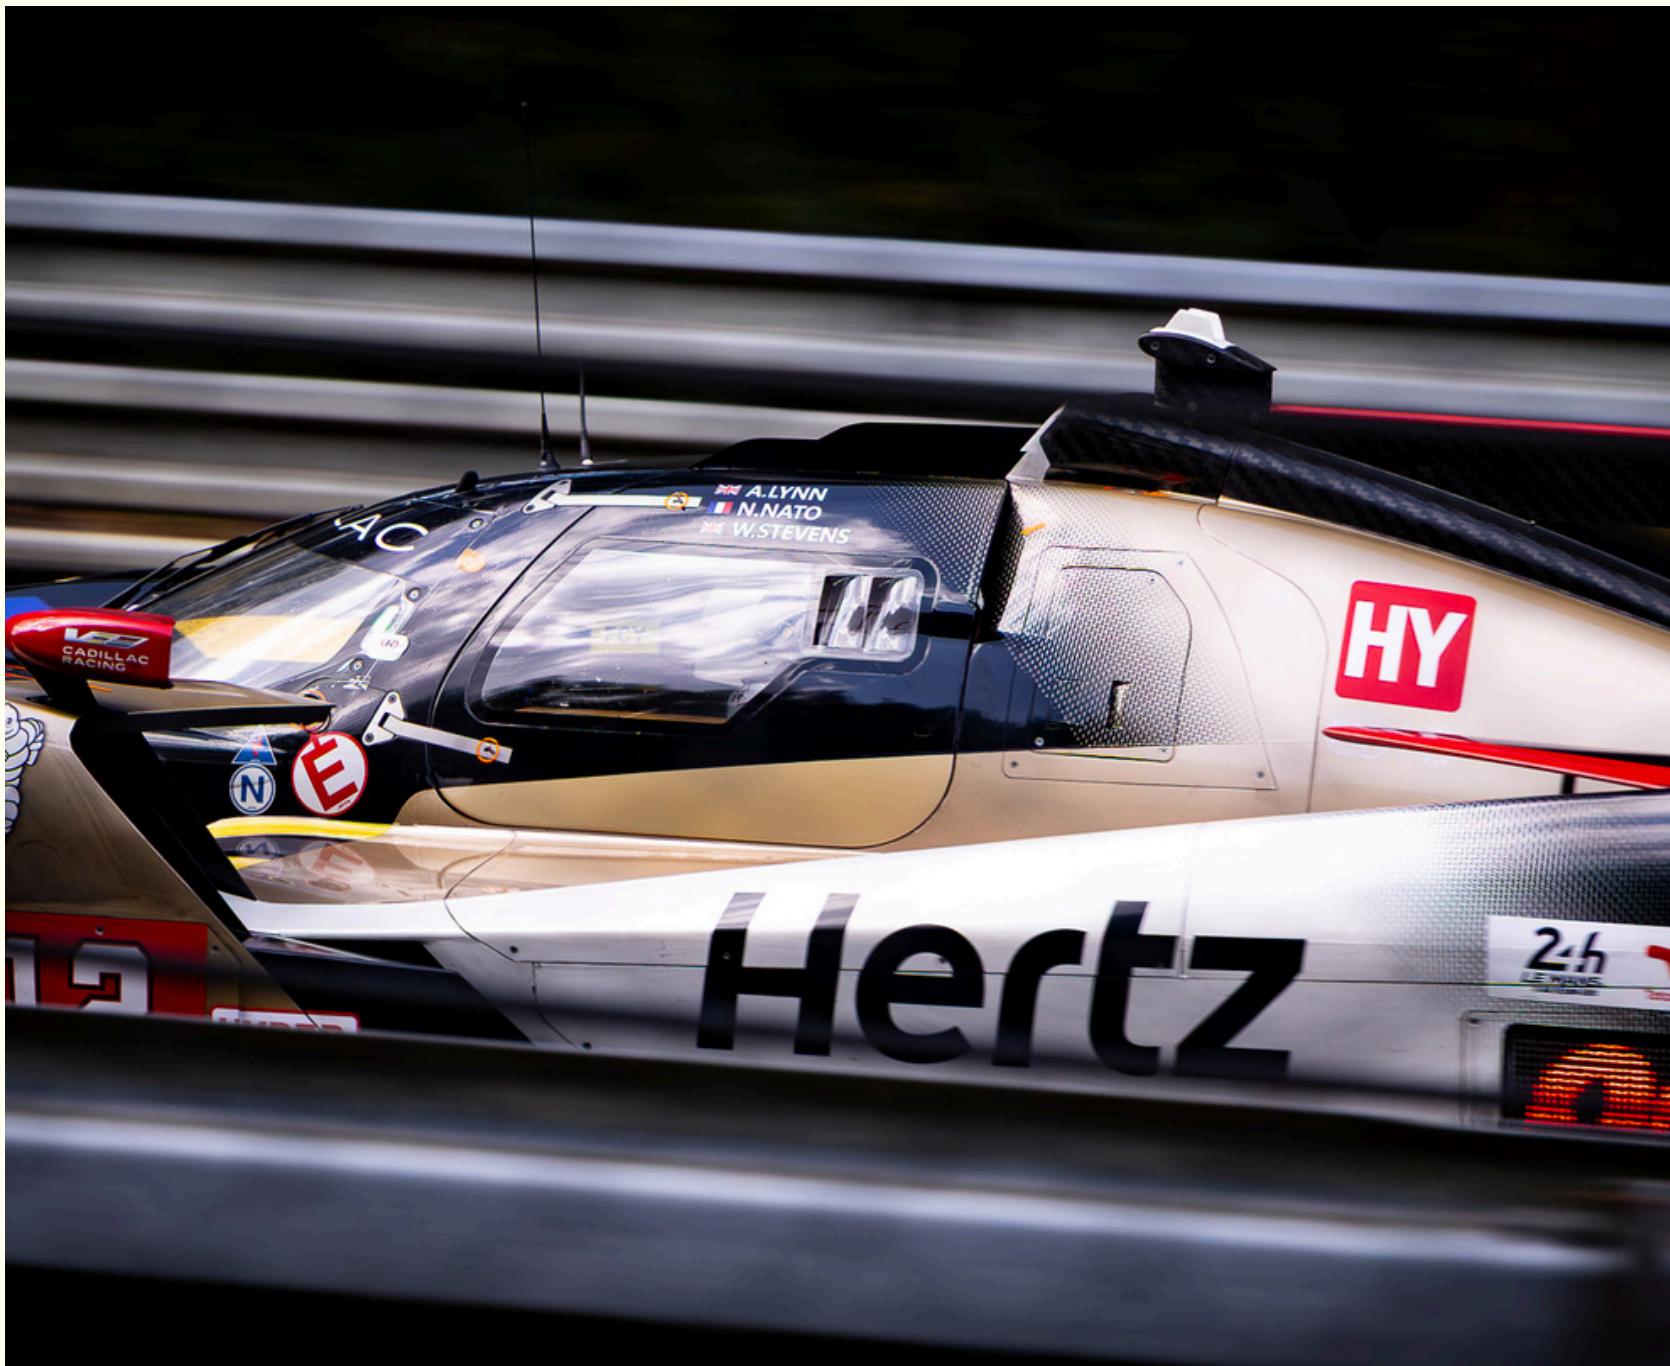

MOTORSPORT PHOTOGRAPHY

THE SPEED OF PERFECTION

Merely an emulation of the precision from within the cockpit, the lens and shutter are fully at my control when trackside. Attention to detail isn't a suggested trait, it's a required quality in this position.

02

COMMERCIAL PHOTOGRAPHY

Clean, versatile imagery designed to elevate and promote brands. Whether product-focused or lifestyle-driven, I create visuals that connect with audiences and deliver impact across campaigns.

COMMERCIAL PHOTOGRAPHY

Every brand needs to showcase their goods and services, right? Particularly the food and beverages on offer. This is an assorted collection of previous work for past clients.

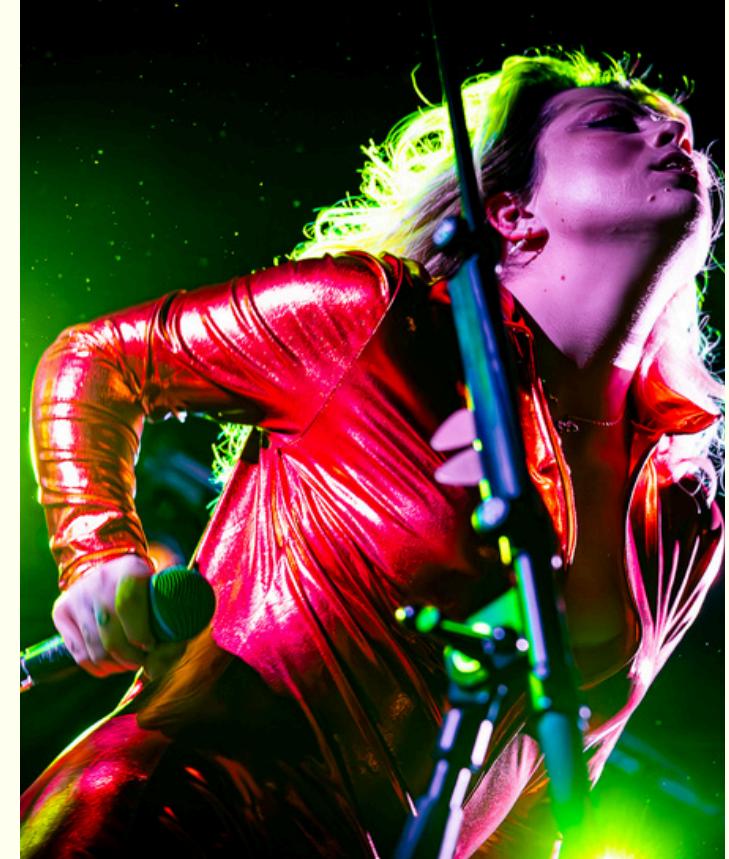

03

EVENT PHOTOGRAPHY

Immersive coverage that tells the story of the moment. From major festivals to intimate concerts, I highlight the atmosphere, energy, and people who bring events to life.

**EVENT
PHOTOGRAPHY**

Formed within the four walls of The Ferret, Preston, my foundations are solid and extensive, with this experience carrying me forwards to major events - Summer Sessions, Celtic Connections and indie festivals across the UK.

EVENT PHOTOGRAPHY

This extensive experience wasn't only entertaining for me (who wouldn't love to capture artists they adore?) - it has been eye-opening and career changing-ly impactful on my life.
