Contents

ADMIXTURES

- Sunplast PCE / PQ
- Sunplast Super (SNF Base)
- Sunplast ACF (Accelerator)

Concrete Aid

- Suncure (Acrylic Base - White Pigmented)
- Suncure (Resin Base - Aluminized)
- Ezy Slip Aid (Priming Compound)
- Sun Epoxy
- Sunsilica (Microsilica)
- Sunfine (UFGGBS)
- Polysulphide Sealant
- Sun Ease (Form Release Agent)

Water Proofing Compound

- Suncrete
- Sun SBR Emulsion

ABOUT US

Sunlight Conschem Corporation is one of the fastest growing manufacturers of specialty chemicals to the construction industry. We have evolved as one of the premiere construction chemical manufacturers in India. Our in-depth experience of last 15 years, in the field of construction chemicals and professional positive attitude, has helped us in providing cutting edge technology products for concrete and construction. Our technical tie up with South Korea has allowed us to grow in leaps and bounds towards keeping at the top of the table, in application of the latest technical developments in the field of construction.

We believe in creating highest comfort zone for our clients. It is mission with the aim to provide the highest level of satisfaction to our esteemed clients. Sunlight Conschem Corporation offers a complete range of specialty chemicals including a range of Super Plasticizers, Plasticizer for pavement Quality concrete, Water Proofing etc. Every product under the Umbrella of Sunlight Conschem Corporation has been developed using latest technologies.

Being a ISO 9001 accredited company we stick to the motto of ORGANISATION DE QUALITY. Keeping the motto in our minds always has helped us to do the very best for our clients in the worst of circumstances. Consistency and research par excellence have helped us yield results that have been unprecedented before. Today our clients hold a very special relationship with us they can count on us for technical assistance at any point of time and also enjoy our reliability in both quality and timely supplies.

Our direct imports of basic Raw materials like Poly Carboxylate Ethers/Esters/Retarding Agents/ Acceleration Agents/ Waterproofing Chemicals/ Micro Sillica etc., coupled with our strong hold on latest technologies with various tie-ups internationally help us keep our stance in the market like a true market leader.

SUNLIGHT CONSCHEM CORPORATION

COMPANY STRATEGY

AIM: To help provide cutting edge technology to aid the construction industry in India and help make a truly magnificent and developing "Mera India".

MISSION: To make construction field in India highly efficient and cost effective by use of latest technologies in design and chemical aid.

CORE VALUE

Each raw material and finished goods is tested for quality consistency in our state of the art in house laboratory ensuring stringent quality parameters in all circumstances. Our concrete laboratory is up to date and equipped with the latest machines to enable us to test the performance of our products. Production samples are sealed and maintained for stipulated amount of time for cross-reference at any point of time. Consistency in quality is very much our primary core value. Continual improvement, positive attitude, development, recognition & reward of achievement, team work and service before self, policies go a long way in creating the perfect blend for growth of the organization.

Although our clients value us for our products and superior service, and investors judge us on the success of the strategies we employ, we are defined by a set of core values that permeates all that we are and everything that we do. Our Core Values are:

NETWORK

Sunlight Conschem Corporation is a basic manufacturer of a wide range of construction chemicals, Scientifically formulated to give the best performance. We are well known for our quality products, timely delivery technical expertise. We have been gradually increasing our presence throughout India with the help of branches & dealer network being spread across the entire length and breadth of the country. We also pay special attention to effective efficient logistics. We have manufacturing facilities in Kanpur & Gurgaon and marketing offices in Kanpur, Gurgaon, Karnal and Raipur.

ABOUT PRODUCT

We offer a complete & comprehensive range of products covering the entire segment of needs. Sunlight Conschem Corporation follows high quality standards in performing with products of excellence for the winning edge. Sunlight Conschem Corporation believes in the products to perform in the best possible way to satisfy the needs of its customers. Our products have become industry bench-makers of quality and innovation.

QUALITY SYSTEM

Sunlight Conschem Corporation is committed to comprehensive quality and service culture since it is a standard by which every production process and every work place is measured. To keep a proper watch on the quality we have the following facilities:

- Raw Material quality testing.
- In process quality control testing.
- Finished product testing.
- Pre shipment quality certifications.
- Behavior of Concrete-mix and its applications.

OUR PREFERENCES:

- Sunlight Conschem Corporation prides itself on our values-values that reflect the way our personnel work think and act.
- Sunlight Conschem Corporation believes long term relationship by following professional ethics.
- Sunlight Conschem Corporation is always welcome to constructive suggestions and open.

SUNCURE

SUNCURE is a white pigmented liquid curing compound on drying it forms a thin film barrier which allows the concrete to retain sufficient water for maximum curing, without disturbing the normal setting action. This economical curing compound eliminates the need for keeping concrete continuously wet. Due to white pigmentation it reflects the light & heat and minimizes the change of cracking of the surface.

SPECIFICATIONS

Sr. No.	Test Parameters	Specification	Result Observed
1	Appearance	White Pigmented Liquid	White Pigmented Uniform Liquid
2	Chemical Property	Acrylic Based	As per Specification
3	Type of Curing Compound	(ASTM C 309 & ASTM 156)	Type II
4	Drying Time (min.)	Appx. 2-3 Hrs at 30°C (ASTM C 156 Sec. 10.3)	1:35
5	Water Retention (Kg/m ²)	0.55 Kg/m ² in 72 hrs (ASTM C 156)	0.48
6	Specific Gravity	1.00±0.02 (As per specification)	1.05

USES: As a spray applied membrane to retain moisture in concrete for effective curing. Suitable for all general concreting applications and of particular benefit for large area concrete surfaces such as airport runways, roads, bridgeworks & Pavements.

ADVANTAGES: Its light reflectance is greater than 60% and provides improved curing of concrete that enhances cement hydration and also provides a more durable concrete. Its control of moisture loss improves surface quality, reduces permeability, produces a hard-wearing and dust free surface that minimizes potential for surface cracking and shrinkage. It contains leafing aluminium to minimize solar temperature gain to meet the specification for the reduction of solar temperature again.

STORAGE: Should be stored under roof away from sunlight.

SHELF LIFE: One year in packaged sealed container.

TO WHOMSOEVER IT MAY CONCERN

The following products, manufactured by M/s Sunlight Conschem Corporation, 801 Shweta Apartments, 117/H1/499 Pandu Nagar, Kanpur, were used in Four Laning of Chakur-Loha Section of NH-361 from km 114.600 to km 187.800 (Design length 73.345 km) under Bharatmala Pariyojana in the state of Maharashtra on Hybrid Annuity Mode.

1. SUNPLAST PC 5050 (ADMIXTURE)
2. SUNSILICA (MICRO SILICA)
3. SUNCURE (CURING COMPOUND)

The above products were used in high grade concrete M45 & M50 designs.

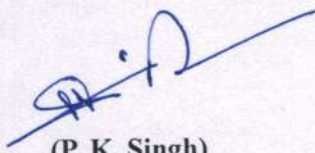

The following were noted:

- a. The mix was cohesive
- b. High Early Strength and 28 Days Strength was noted.
- c. There was no bleeding or segregation in the mix.
- d. The quality supplied was consistent.
- e. The usage of Micro Silica helped attain good strengths.
- f. Curing Compound used on segments was consistent with the requirements.

Overall, we would like to say that the quality of all the products was very good and consistent.

This has been issued on the request of supplier/ vendor for record.

Thanking You,
For, SA Infrastructure Consultants Pvt. Ltd.

(P. K. Singh)
Team Leader Cum Sr. Highway Engineer
Chakur-Loha Section of NH-361.

Sub.:- Registration of Construction Chemicals manufactured by M/s.
Sunlight Conschem Corporation with Brihanmumbai Municipal
Corporation.

Ref.:- 1) Your application dated 18.06.2024.
2) Approval U/no. Dir./ES&P/582/II Dtd. 19.06.2025

Gentlemen,

The Director (E. S. & P.) is pleased to register your following categories of construction chemicals in the list of Approved Building Materials maintained by this office for a period of **Three years** from the date of issue of this letter subject to the following conditions.

SR. NO.	GRADE	PRODUCT
1	Admixtures	SunPlast PC/ PQ
2	Curing Compound	Suncure
3	GGBS	Sunfine
4	Microsilica	Sun Silica

- 1) This approval has been granted on the basis of documents/information furnished by you at the time of application.
- 2) This registration shall not bind B.M.C. to give your products any priority or preference and placement of purchase orders and does not guarantee that all or any of the enquiries for the above items would necessarily be sent to you.

- 3) For renewal, the invoice/s for the product/s purchased by contractor/s for the B.M.C. works shall be submitted to the office of respective Chief Engineer in charge.
- 4) The product/s itself shall invariably bear the brand name and all the relevant details such as date/year of manufacturing, etc.
- 5) The product/s shall be in conformity with relevant BIS/ISO standards. You shall keep your BIS/ISO registration valid and subsequent validations shall be intimated to this office.
- 6) The training for the Municipal's engineering staff and Contractor's staff regarding the technical information, product application, procedure, workmanship to use of your registered products shall be arranged free of cost at B.M.C. sites to all the B.M.C. Engineers departments in consultation with Chief Engineer (Building Maintenance) in every six months and the compliance report in that regard shall be submitted within first 6 month of the registration period and thereafter every year (including site visit & field report).
- 7) Your representative shall inspect the B.M.C. sites where your registered products are being used, at least once in a quarter year and the report shall be forwarded to the Chief Engineer (Building Maintenance).
- 8) The change in the rates shall be informed to this office.
- 9) The necessary tests shall be performed for the registered product/s as per the relevant specifications, free of cost for assuring the quality of product/s during and after the project/construction work is over, as and when required by the Engineer in charge.
- 10) The application for renewal of this registration shall be submitted to concern Executive Engineer of B.M.C. two months prior to the expiry date, along with the non-refundable renewal fees and necessary documents as applicable then and performance certificates of registered product/s from an officer. The renewal will be done on its merits.
- 11) If any dispute arising in respect of registration OR supply of material to B.M.C. contractors, the cause of action thereof shall be deemed to have arisen in Mumbai and all legal proceeding in respect of any dispute shall be instituted in competent court in the city of Mumbai only.

During the factory visit to the product manufacturing factory premises, if any deviations from the quality of product are observed, this registration certificate will be revoked by the B.M.C. without assigning any reason thereof.

Please note that if it is observed that the product performance on B.M.C. works is not satisfactory, this registration will be revoked by the B.M.C. without assigning any reason thereof.

This registration shall not be construed as a certificate for advertisement of your product/s and for obtaining registration / approval from any other authority.

Yours faithfully,

Executive Engineer (WPU)

Your letter no. GVKBEPL/PO/IE/2013/1001 dt. 10.04.13

Dear Sir,

Your submittal is reviewed and our observations are as follows:

Admixture: Sunplast super – QC & PC:

Compatibility study details of Admixture Sunplast Super QC & PC with various cements are found in order.

'Curing compound – CC':

1. Enclosed MTC and Independent Lab test reports of 'Curing compound – CC' are found in order as per ASTM C-309.
2. Procurement of the proposed curing compound shall be discontinued in the event of unsatisfactory test results.

However, the following points are to be ensured.

1. All details in respect of manufactured items shall be submitted as per Section 8, Sub-clause 8.1 (IV) and 8.7, Vol.-II, Part-II of CA for IE's review.
2. As per IRC SP 57, for Manufacturer items checking of samples is required before procurement.
3. Routine sampling and testing shall be required as per the frequency specified in relevant standards, Specifications and CA.
4. MTC will be obtained for each consignment/lot.

In view of foregoing, credentials of 'Curing compound – CC' is Concurred.

Thanking you and assuring of our best services always.

Yours faithfully,

(Bhaskar Lingam)

Dear Sir,

This has to reference of your letter cited above wherein you have submitted profile of main producers i.e. Curing Compound (Sunlight) for procurement of Curing Compound for use in Structural Concrete and PQC work as per 1012.3 & 602.2.3 of MORT&H Specifications.

This office has been reviewed the above matter as per MORT&H & Contract provisions and the Chemical Admixture, Curing Compound & Sealant (for use in Structural Concrete and PQC work as per 1012.3 & 602.2.3 of MORT&H Specifications.) can be procured from Curing Compound (Sunlight), as proposed subjected to the followings:

1. The Concessionaire shall ensure to collect manufacture's test certificates, confirming to IS:9103 & IS:6925, shall be collected for each supply and shall be available in Laboratory.
2. As per clause 1012.2.3.1 of the MORT&H Specifications, provide information concerning each supply obtaining from Curing Compound (Sunlight).
3. The Concessionaire shall ensure adequate storage of Curing Compound as specified by the Curing Compound (Sunlight).
4. However, Third Party Test Reports are confirming with IS: 9103 & IS 6925 are found in order have been submitted along with submitted proposal.

This is for your information necessary compliance, in this regard.

Yours sincerely,

For, SA Infrastructure Consultants Pvt. Ltd.

Subject: Review of Credentials for Source Approval of Chemical admixture & curing compound - Reg.

Ref.: 1. Your letter no. KRHPL/NHAI/2023-24/101, date: 27.12.2023.

Dear Sir,

With reference to the above subject and letter cited above in ref 1, Concessionaire has submitted the Credential and requested for Source Approval of Chemical admixture and curing compound.

An, independent engineer has reviewed the submitted credentials such as company profile, technical literature, ISO 9001 – 2015, ISO 14001 – 2015, CE Certificate, QAP, MTC, third party lab test results and various previous projects approval letters etc., and generally found to be in order.

Based on submitted documents, the source, M/s. Sunlight Conchem Corporation Kanpur - UP. is hereby provisionally approved, subjected to the following conditions.

1. Chemical admixture shall be used in concrete works only after successful completion of compatibility with cement, laboratory trial mixes of each grade and approval of mix designs by IE.
2. Third party NABL accredited laboratory test report of selected / performed grade of admixture and its MTC shall be submitted along with mix designs.
3. The above source of admixture shall meet the requisite Standards & Specifications of MORTH / IS:9103 & IS:6925.
4. The above source of curing compound shall meet all the requisite standards & specifications of MORTH / IRC, BS: 7542 / ASTM - C - 309 - 81 type -2 for PQC works and clause no. 1712.4 of MORTH (5th revision) for structural concrete works.
5. Every consignment / batch / lot of material brought to site should support with invoice & MTC.
6. Every consignment / batch / lot of said material should be tested in the approved third party NABL accredited laboratory as per relevant Standards & Specifications and report shall be submitted to our office for review.
7. Stock / consumption register shall be maintained.
8. Information required from the manufacturer of admixture as per clause no. 1012.3 of MORTH shall be furnished.
9. The approval of the above source by Independent Engineer shall not relieve the Concessionaire from any of its obligations under provisions of the Concession Agreement.

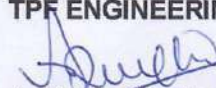

The final approval will be accorded after satisfaction / performance of trial mix design with respect to design target strength of concrete.

This is for your information and necessary action please.

Thanking you and assuring you of our best services at all time.

Yours Sincerely,

For TPF GETINSA EUROESTUDIOS S.L. in Joint Venture with

Sir,

With reference to above letter, vide which you have Submitted the Credentials of different curing compound company like M/s Sunlight Conschem corporation & M/s LA Greens for using as curing compound in above project and the same will be reviewed. We have also apply the product in our structures and found satisfactory results.

Hence the curing compound product of these company may be used in construction work under the following conditions.

1. Each Consignment of the material shall be manufacturer test certificate with delivery challan.
2. Each Consignment shall satisfy both the physical & chemical properties as per relevant IS standard.
3. The packaging of all above materials shall be clearly indicate the name of manufacturer/ supplier name, date of production & expiry, batch/identification etc.

The approval of curing compound of above company is however conditional and we have right to reserve to reject the source if the periodic/frequency test of material fail to satisfy the codal/specification requirements.

Yours Sincerely,

(Bablu Kumar)

Ref. No. TPFEPL/KOP-1190/NHA/PIU-Kolhapur/IE /2024-25/1000

Date: 20.01.2025

To

Authorized Signatory,
Kolhapur Ratnagiri Highway Pvt. Ltd,
 Community Hall, Bldg No. 7A, Dwarkamai,
 Gurusharanam Cpmplex Vishrali Naka,
 Panvel, Raigarh, Maharashtra, India-410206.

Project: Four laning of Ratnagiri – Kolhapur section of NH-166 for **Package - II from km 67.140 to km 112.340** in the state of Maharashtra to be executed on Hybrid Annuity Mode under NH(O).

Subject: Review of Submission of Credentials of M/s. Sunlight Conchem Corporation for Source Approval - Reg.

Ref.: 1. Your letter no. KRHPL/NHA/2024-25/602, date: 20.01.2025.

Dear Sir,

With reference to the above subject and letter cited above in ref 1, Concessionaire has submitted the Credentials of M/s. Sunlight Conchem Corporation for Source Approval.

We have already approved the source of M/s. Sunlight Conchem Corporation Kanpur – UP for concrete admixture and curing compound with review comments, vide our letter no. TPFEPL/KOP-1190/NHA/PIU-Kolhapur/IE/2023-24/885, date: 12.01.2024.

Now, you have submitted a credential of M/s. Sunlight Conchem Corporation Kanpur – UP for source approval for procurement of Micro Silica.

The submitted credential for micro silica such as technical data sheet, safety data sheet, ISO 9001 – 2015, ISO 14001 – 2015, CE Certificate, MTC of micro silica, third party lab test results of micro silica and various previous projects approval letters for micro silica & purchase orders copies etc., have been reviewed and generally found to be in order.

Based on submitted documents, the source, M/s. Sunlight Conchem Corporation Kanpur - UP is hereby provisionally approved, subjected to the following conditions.

1. Micro silica shall be used in permanent concrete works only after successful completion of laboratory trial mixes and approval of mix design by IE.
2. The above source of micro silica shall meet the requisite Standards & Specifications of IS: 15388 - 2003, reaffirmed 2022.
3. Every consignment / batch / lot of material brought to the site should support with invoice & MTC.
4. Every consignment / batch / lot of said material should be tested in the approved third party NABL accredited laboratory as per relevant Standards & Specifications and report shall be submitted to our office for review.
5. Stock / consumption register shall be maintained.
6. The approval of the above source by Independent Engineer shall not relieve the Concessionaire from any of its obligations under provisions of the Concession Agreement.

The final approval will be accorded after satisfaction / performance of mix design with respect to design target strength of concrete.

This is for your information and necessary action please.
 Thanking you and assuring you of our best services at all time.

Yours Sincerely,

For TPF GETINSA EUROESTUDIOS S.L. in Joint Venture with
TPF ENGINEERING Pvt. Ltd. in Association with KAIUS CONSULTING PVT. LTD.

A. Radha Krishnaiah
Team Leader

Copy Submitted to: Project Director, Office of Project Director, NHA, PIU-Kolhapur for information please.

Note : The Purchase Order Shall be governed by the "General Conditions of Contract for Procurement of Materials / Equipment" until unless specified. It is important that seller confirms acceptance of this Purchase Order within 7 days of receipt. Failure to return the acceptance does not diminish the responsibilities as set forth herein, but may result in a delay to any payments that may be due and may be a cause of termination of this Purchase Order.
In case of any clarification required, please contact the Purchase Order Issuing Authority.

For any issue, payment or otherwise, relating to this PO/WO, please raise a grievance request by logging into the Partner Grievance Redressal Portal available in the Partner Portal mentioning the PO/WO number, the reason for the grievance, a brief description of the same along with the necessary attachments. E-mails to individuals will not be responded to.

EMPTY BARRELS RETURNABLE BASIS Comment : Terms And Conditions : 1. Rates mentioned in the Purchase Order are inclusive of all taxes including GST unless shown separately. 2. Vendor shall submit Tax Invoice as per law(s) for supplies made against this Purchase Order. 3.I/we (Vendor/contractor/seller) hereby confirm that compliance to the statutory requirement under section 171 of the central goods and services Act, 2017 (hereinafter referred to as "Act") which deals with anti-profiteering measure. Accordingly, I/we have passed on the benefits of input tax credit available under GST regime. I/we (Vendor/contractor/seller) further declare that the said benefit has been passed by way of reduction in the original selling price from the remaining value of the contract/supplies to execute in GST regime. 4.If any amount of credit of GST or any other benefit of GST is denied or delayed to the company due to any non-compliance by me/us (Including but not limited to the failure to upload or incorrect disclosure of details on the GSTN portal or delay or delay/failure to deposit tax or due to non-furnishing or furnishing of incorrect/incomplete documents by me/us), I/we will be liable to reimburse/make good the loss which accrues to BLK on the aforesaid account. Alternatively, BLK shall be entitled to adjust/recover such loss from the payment of all the bills issued by me/us. 5.Payment by Owner to Contractor/Vendor is a condition precedent to Contractor/Vendor paying Subcontractor.															

Vendor understands and agrees that it will be paid if, and only after, Contractor(BLK) is paid by Owner for that portion of the Work for which Vendor is seeking payment.

Vendor fully understands that it bears the risk of non-payment by the Owner.

6.The conditions of the Purchase Order are fully understood and not disputed by the vendor and in case of delivery of desired material according to the PO issued to the vendor, PO shall be treated as Accepted by the vendor ,even if, any of the PO expressly not signed by the vendor.

7.Turnover of B L Kashyap & Sons Limited is more than 10 crore during previous year So we will Deduct TDS u/s 194 Q of the income Tax. Accordingly You are not required to Charge TCS u/s 206 (I)(h) of Income Tax Act.

8. All disputes are subject to Delhi Jurisdiction only - All or any disputes arising out or touching or in relation to the terms of the said application / contract / order including the interpretations and validity of of the terms there of and the rights and the obligations of the parties shall be settled amicably by mutual discussions failing which the same shall be settled through arbitration mode also.

The arbitration shall be governed by the Arbitration and Conciliation Act, 1996 or any statutory amendments/modification thereof for the time being in force.

The venue of the arbitration shall be New Delhi only and it shall be held by a sole arbitrator who shall be appointed by B.L Kashyap and whose decision shall be final and binding upon the parties.

The other parties hereby confirms that he/she/they shall have no objection to this appointment even if person so appointed as the Arbitrator is an employee or advocate of B.L Kashyap or is otherwise connected to the company and the other parties confirm that notwithstanding such relationship/connection the other party shall have no doubts as to the independence or impartiality of the said arbitrator. The courts at New Delhi alone shall have jurisdiction.

"Vendor/Supplier must comply with our company's environmental health, safety guidelines & measures during delivery of material at project site"

We hereby declare that we are / we are not registered under the Micro, Small and Medium Enterprises Act .

PURCHASE ORDER

	PO No.	BSCPL/MSRDC/HO/285 Dt.06.04.2021
Sunlight Conschem Corporation 801, Shweta Apartments, 117/H1/499, Pandu Nagar, Kanpur, UP-208005	Sub:	Supply of microsilica for our Nagpur – Mumbai Communication Expressway (MSRDC) project
Contact Person: Mr. Prateek Gupta E-mail: prateek.jeewan@gmail.com Mobile No: +91-9415133506, 9984361590	PR No:	MATH 04/2020-21 Dt.29.09.2020
	Ref:	Your quotation No.Q01 143/JAN/21 Dt.12.01.2021 Subsequent discussions held between us till date.
	Our GST No	27AAACB8316KIZL

Project: Construction of Access controlled Nagpur-Mumbai Super Communication Express way (Maharashtra Samruddhi Mahamarg) in the state of Maharashtra on EPC mode for Package 13, from KM-577.739 TO 623.379 (Section - Village Sonari to Village Taranganpada) in District Nashik.

With reference to your above offer & subsequent discussions and correspondence we had with you till date, we hereby release this order on you for Supply of microsilica at our MSRDC Road project as per the price, details, terms & conditions given below. All other terms & conditions and scope of the order are detailed below and attached herewith as annexure.

1 Scope of the order & total order value

S.NO	Item Description	Quantity	Unit Rate Rs.	Value Rs.
1	Manufacturing and Supply of SUNCURE - White Pigmented Acrylic Based Curing Compound	21 MT		
	SUBTOTAL:			
	GST:		18.00%	
TOTAL ORDER VALUE:				

Rupees

S. No	TERMS & CONDITIONS
1	Price Basis: The price basis is F.O.R, our site. The price indicated in this order is fixed & firm till completion of the order and no escalation whatsoever is applicable.
2	Packing & Forwarding: P&F is Included in your scope of supply.
3	Taxes: GST 18% is included in the total order value as detailed in Sl.No.1 .
4	Transportation Charges & Transit Insurance: Transportation charges & Transit Insurance are included in your scope of supply & in the total order value. Arranging delivery by a reputed transporter and delivering at our site is your responsibility.

5	Delivery: You shall supply the material within 7 days from the date of this order or on intimation of our site Co-ordinator. Our site Co-ordinator will inform you the delivery schedules & quantities regularly. You need to interact with our site Co-ordinator and organize the supplies as per the schedules given to the respective site locations. You shall deliver the material along with all test certificates as directed by our site Co-ordinator.
6	Inspection, Test Reports & Dispatch Approval: You shall conduct all necessary tests before dispatch of material. The test reports are to be sent along with the material. You shall also inform us for inspection of the material 7 days in advance before dispatch. The inspection report given by our Engineer is to be sent along with the dispatch documents. We have the option to depute our Engineer for inspection / waive the inspection as per our discretion.
7	Payment Terms: 100% payment will be made within 45 days from the date of receipt of material at our site.
8	Guarantee: The material supplied by you is guaranteed for its quality and intended performance parameters as approved by our site QC In-charge during trials. In case, if we found any deficiency, a deviation from the specifications or any material is being rejected due to usage of improper materials, all expenses incurred in this regard would be borne by you and you shall replace all such damaged material with new material immediately on a free of cost basis.

TEST REPORT ON CURING COMPOUND

Customer's Reference* : SAI/CS-KSTP/TAHS221006/CONT/III-R9/RE/156, Dated: 17.10.2022
Project Name* : RKI Package III- Road 9- Rehabilitation and Upgradation of Thrissur-Kuttiapuram Road (Length 33.243 Km) in Thrissur District, Kerala.
Location of Testing : Permanent Material received on : 22.10.2022
Source of the sample* : Supplied by Customer Date of Testing : 22.10.2022 to 25.10.2022
Condition of samples : Packed No. of Samples tested : 01 (One Only)
Brand* : SUNCURE Test method : ASTM C-309 & ASTM 156.

Sl. No.	Test Conducted	Results	Requirements
1	Water Retention	0.47 Kg/m ²	< 0.55 Kg/m ² in 72 Hours
2	Chemical Property	Type-II	Type-II
3	Drying Time	2.3 Hrs.	2-3 Hrs at 30°C
4	Coverage	3.7 m ²	3-4 m ² / Lit
5	Specific Gravity	1.09	1.10 ± 0.02
6	Appearance	White Pigmented Uniform Liquid	White Pigmented Fluid

*As furnished by the customer

- Note:
1. The results relate to the samples supplied by the customer.
 2. Report shall not be reproduced except in full, without the written approval of the laboratory.
 3. Any correction invalidates this report.

TEST REPORT

Job No : 2283-053003 Report No : VAD/2283-053003/Curing Compound/0530011
Sample No : 0530011 Report Date : 27-05-2024

Client : B. L. Kashyap & Sons Limited.
Manufacturer : Sunlight Conschem Corporation.
Consultant : -
Name of work : Testing of Curing Compound Sample.
Reference No. : Mail Letter Dated : 23-05-2024

Sample Description : Curing Compound Sample submitted by : Manufacture
Product : Suncare (White Pigmented Acrylic based) Date of test started : 24-05-2024
Batch No. : 240430/09 Date of test completed : 27-05-2024
Date of sample received : 23-05-2024

Sr. No.	Test Details	Test Results	Test Method	Specification Requirements (ASTM C 309-11)
1	Day Light Reflection Test With MgO, %	63.8	ASTM E 1347-15	Shall not Less than 60%
2	Non-Volatile Content (%) Solid Content	16.49	ASTM D 2369	-
3	Drying Time (hrs.)	1 hr. 40 min.	ASTM C 309-11	Shall dry to touch in not more than 4 hours
4	pH Value	8.50	IS 9103 - 1999	-
5	Specific Gravity	1.10	IS 9103 - 1999	-

Note : Above Test Carried Out in Laboratory, Rate of Application may Very Subject to Site Condition i.e. - Humidity, Concrete Temperature, Time of Application, Method of Application, Texture Finish, etc...

Tested By : DP/NR

TEST REPORT

Source of sample	:	Sample supplied by the customer.
Number of samples tested	:	01(One only).
Customer's Reference	:	WAJV/VBSL/QC/2025/398, Dt.: 03.06.2025
Condition of sample	:	Satisfactory
Product	:	Curing Compound
Material*	:	Sun Cure Compound (Transparent)
Source/Vendor*	:	Sunlight Conchem Corporation
Date of Sampling*	:	02-06-2025
Batch No.*	:	250505/04
Project*	:	Construction of Versova Bandra Sea Link (VBSL) Project on Engineering Procurement and Construction (EPC) basis.
Lab Reference Number	:	2025/JUNE/2516156
Period of Test	:	13.06.2025 to 16.06.2025
Test Method	:	ASTM C 156, C 309, D2369

PHYSICAL PROPERTIES:

Sl. No.	Test Conducted	Result	Requirement as per ASTM C-309
1	Color/Appearance	White Liquid	-----
2	Density (g/cm ³)	1.0	Not Specified
3	Drying Time (hours: minutes)	0:50	Not more than 4 hrs.
4	Non Volatile content (%)	15.81	Not Specified
5	Water Retention (kg/m ²) (Loss of Water @ 72 hrs.)	0.49	Not More than 0.55 kg/m ²
