How do I use digital stickers? (GoodNotes)

Click [here](#) to access our video guide on ways you can import/copy/add stickers in GoodNotes.

How do I copy digital stickers into my own planner? (GoodNotes)

- If you want to use the stickers on your own planner you will need to open 2 windows.
- One window with your current planner and another window with the GoodNotes file sticker page.
- Thereafter press the top left button for the overview of the pages
- Drag the sticker page to your own planner to use
- Once the sticker page has been duplicated to your own planner, you can freely use the stickers in your own planner
- You can refer to the guide on how to copy pages from one planner to another [here](#)

We hope you find the guide helpful.
