In A Rescue, Seconds Count...

In the heat of the rescue, your focus should be on your patient, their care, safety and well-being. You don't need to waste valuable time determining if your head protection is appropriate for the situation. For over 160 years, CairnsHELMETS has been the leader in the manufacture of firefighter helmets. Our Modern line of helmets offers the best in protection, comfort, maneuverability and versatility for structural firefighting and rescue applications. Whether you choose Thermoplastic, Fiberglass or Kevlar, CairnsHELMETS are engineered to provide optimal protection along with sleek styling for any fire-service activity.
