

**PROTECTIVE GEAR
IN STOCK...YOURS
ON DEMAND!**

CAIRNSTM EXPRESS

AUG 29

Your department has experienced the worst chemical fire in its history. In the course of fire suppression all protective gear was contaminated by PCB's leaving firefighters without protection on their backs.

AUG 31

Within 48 hours the majority of the department is totally re-outfitted through Cairns Express with in-stock coats, pants, and helmets that meet NFPA and US-OSHA specifications.

Cairns Express is a fire service breakthrough! Now, Cairns' Network Dealers can totally outfit you with turnout gear and helmets on demand.

Cairns Express is a unique, off-the-shelf, firefighter's gear program. The in-stock selection consists of two styles and colors of Cairns' Traditional Protective Clothing suits in popular sizes and featuring the exclusive Collar-Break™; and the 660C Metro™ and 660 Phoenix™ helmets with standard accessories.

For immediate action and descriptive literature contact Cairns' Network Dealers or Cairns directly.

Ask our dealers about Cairns & Brother's SPECIFICATION WRITING SYSTEM available upon request.
