

Taking Home Care From Ordinary To Extraordinary!

We provide custom home care services to meet your unique needs, such as:

Skilled Nursing

Short and Long-term, physician-directed nursing care at home for adults and medically fragile children under 21 with a chronic illness, injury, or disability. All services are supervised by our experienced nurses, who help design a plan of care for you or your loved one.

Personal Care Assistance

Our personal care services add hands-on care for your loved one. Our associates can help with personal care needs such as bathing and dressing, walking, meal prep, medication reminders and other personal and household tasks to enable independence and safety.

Companion and Sitter Services

Our Associates are a comforting presence for supervision, conversation, running errands, engagement activities and transportation.

Georgia Pediatric Provider (GAPP)

Our licensed nurses provide a full range of medical and personal care assistance for medically fragile children under 21.

Customized Care

We work with families to design programs for those recovering from a stroke, illness, surgery, Alzheimer's and other Dementias, Parkinson's, diabetes, and those with other specialized requirements.

Transitions and Hospice Care

We can help after a stay in the hospital or in rehabilitation program to ease the transition home or at the end of your loved one's life's journey.

Respite Care

Often caregivers find they need help to meet their other responsibilities, or simply take a break so that they are better able to care for their loved one.

Atlanta House Healthcare

As part of our Medicaid and Medicare certifications, we are offering care to 10 patients for free. This offer is available on a first-come, first-served basis.

ATLANTA HOUSE HEALTHCARE SERVICES

Exceptional Care is our Passion!

About Our Company

At Atlanta House Healthcare Services, we don't just provide care — we elevate it.

We proudly serve children, adults, and seniors across the metro Atlanta area, delivering skilled nursing, personal care assistance, companionship, and sitter services with compassion, professionalism, and excellence. As a licensed Home Health Agency and an approved Georgia Pediatric Program (GAPP) provider, we are uniquely equipped to support even the most medically complex clients.

What sets us apart is our commitment to a truly elevated care experience — one that addresses not just medical needs, but also the emotional and social well-being of every client we serve. By blending clinical expertise with personal connection, we create safe, nurturing environments where our clients don't just get by — they thrive.
