# **HARD HAT**

KMB-001

## WORKER HELMET

- Hard, UV-Stabilized ABS Material
- White Color
- Ventilation Channels
- Head Straps Rotatable up to 180°
- Plastic Sweatband

KMB-002

## MÜHENDİS BARETİ

- Ventilated UV-Stabilized ABS Material
- Recommended Sector: All Industries
- Recommended Application: Construction
- Color: White
- Suspension Type: Ratchet
- Sweatband Type: Plastic
- Product Series: G3000 Series
- Product Type: Hard Hat
- Product Information:
  - The 3M™ G3000 Safety Helmet is designed in close collaboration with industrial workers. It provides effective protection, excellent ventilation, and maximum visibility for use in harsh conditions that require high performance.
- With the 3M™ Uvicator™ Sensor, you can determine when it's time to replace the helmet.
- Weighing 334 grams (with ratchet), it is one of the lightest helmets on the market.
- It is compatible with a wide range of attachable ear muffs, including the 3M Peltor X and Optime series.
- The helmet's special design prevents its components from detaching or getting loose during use.

KMB-003

## HEARING PROTECTION VISOR HELMET

- 3M Peltor Optime I Ear Muffs provide versatile protection and feature a very lightweight design for user comfort.
- Low-profile design and deep ear cups allow easy integration with other equipment, ensuring the ear stays in a comfortable position. Certified CE EN352, 27 dB (SNR).
- Ear muffs weigh 180 g and allow comfortable use with other personal protective equipment.
- Ideal for low-noise environments. Ear cups are cushioned with foam padding. Suitable for prolonged exposure to sound and for use in dirty or dusty environments.

KMB-004

## VISOR HELMET

- Dual-layer ABS shell with retractable visor, designed for electricians and foundry workers.
- Sporty and dynamic design.
- Six-point textile strap suspension with foam sweatband.
- One-size ratchet system: head size 53–63 cm. Two possible positions for better comfort (upper/lower).
- Retro-reflective stickers.
- Electrical insulation up to 1,000 VAC or 1,500 VDC, Class 1 (GS-ET 29), providing protection against arc flash.
- Anti-fog and scratch-resistant visor. Provides protection against electrical arcs, molten metal, and hot liquid splashes.
- ABS Dual-Shell Polycarbonate Visor.
