

GikaCoin Whitepaper

GikaCoin: The Cutest, Least Serious Meme Coin That Will Take You to the Moon (and Beyond)!

INTRODUCTION: Prepare to Meet Giko!

Are you tired of boring memecoins? Of white papers as long as novels? Of promises that smell

like fluff? Well, my friend (or whatever you are!), you've come to the right place! Welcome to the

Giko-verse, the home of GikaCoin (\$GIKA), the memecoin that's cuter, more fun, and has more

potential than anything you've ever seen. Our mascot is Giko, an adorable, fluffy, blue critter on a

single mission: to make finance a breeze and your wallet a bag of laughs (and, hopefully, big

bucks!). On Pump.fun, speed is everything, and fun is guaranteed. GikaCoin was born for this. No

fluff, just \$GIKA, Giko, and a community ready to go wild!

1. WHO IS GIKO? Your New Fluffy (and Rich!) Best Friend.

Here he is! He's not a puppy, not a cat, not an owl... he's Giko! A concentrate of pure cuteness and meme energy. With his sparkling big

eyes and golden "G" coin, Giko is ready to lead us all to infinity and beyond. Giko isn't just a pretty face; he's the symbol of our promise: simplicity, fun, and the potential to make a lot of noise (and profit!).

2. WHY GIKACoin? (We Won't Bore You With Tech Talk!)

On Pump.fun, the magic happens when the community falls in love with an idea and pushes it.

And who wouldn't love Giko?!

- Positive Vibes: Giko is pure good vibes. Forget the stress, just think about the fun and the full moons of \$GIKA.
- Unleashed Community: We're building an army of Giko lovers, ready to shill, meme, and make a splash.
- Zero Fluff, Pure Action: On Pump.fun, the project is simple: buy, hold, shill, and watch GikaCoin fly.
- Decentralization (Meme-Style): GikaCoin is born from the community, for the community. You and Giko are the real bosses!

3. TOKENOMICS: Numbers That Make Giko Fly!

Our tokenomics are simpler than one of Giko's farts!
