### WHO I AM

An innovative software engineering leader with 13+ years of experience and 10 in leadership, I have built and transformed engineering teams at Railz/FIS, AWS, and IBM. I bring a founder's lens through Prabbis Consulting Inc., where I work at the intersection of technology, and customer experience. My leadership is rooted in purpose, integrity, and a relentless commitment to excellence.

### WHAT I OFFER AS A FRACTIONAL ENGINEERING EXECUTIVE

Senior engineering leadership, without the overhead of a full-time hire. I embed into your organization and deliver across every dimension:

- ▶ **Engineering Strategy and Roadmap:** Defining the technical direction, priorities, and roadmap that connect engineering capacity to customer outcomes and business goals.
- ▶ **Team Building and Scaling:** Scaling your team with high performance engineers whilst ensuring the right systems are in place to hire right, onboard well, enable innovation and retain top talent.
- ▶ **Architecture and Modernization:** Ensuring your system design is well architected and optimized for your company's current needs and future scale.
- ▶ **AI, Machine Learning and Automation:** Aligning your company goals with AI and automation, ensuring real and measurable value is created rather than technology for its own sake.
- ▶ **Engineering Execution and Program Leadership:** Establishing the structures, processes, and leadership needed to ensure projects and strategic initiatives are delivered predictably and effectively.
- ▶ **Operational Excellence and Cost Optimization:** Ensuring your organization's operational hygiene is at its optimal whilst cost is also continuously optimized for efficiency and growth.
- ▶ **M and A Due Diligence, Security and Compliance:** Leading technical assessments during acquisitions and ensuring SOC2 compliance, disaster recovery, and data privacy frameworks are built to last.

### WHY FRACTIONAL?

- ▶ Scaling fast and need senior engineering oversight without the cost of a full-time executive hire
- ▶ Need additional technical expertise and strategic guidance to complement your existing leadership team
- ▶ Navigating a transition — acquisition, product pivot, team restructure, or rapid growth phase
- ▶ Want proven, enterprise-grade leadership from AWS, IBM, and FIS on a flexible engagement basis
- ▶ Need complex programs run well, teams built right, and technical decisions made with confidence
- ▶ Looking for someone who has done it at scale, not just advised on it

### RECOGNITION AND PATENTS

- ▶ Atlantic Business Magazine 30 Innovators Under 30, 2022
- ▶ Railz Leadership Award, 2021 and 2022
- ▶ IBM iX People's Choice Award, 2020
- ▶ 4 Patents: Automatic Document Separation, Blockwise Extraction of Document Metadata, Semantic Normalization in Document Digitization, Cognitive Document Image Digitization

### BY THE NUMBERS

### CAREER HIGHLIGHTS

#### Prabbis Consulting Inc.

**Founder** | Mar 2023 – Dec 2025, May 2026 – Present  
Founded and lead Prabbis at the intersection of technology, marketing, and customer experience, helping businesses and startups build their digital presence and growth strategy.

#### Amazon Web Services (AWS)

**Software Dev Manager** | Jan 2025 – May 2026  
Led two engineering teams across Dublin and Vancouver for network telemetry at scale. Grew Vancouver team from 2 to 10 in four months. Improved operational hygiene by 50% and owned full product strategy, roadmap, and stakeholder alignment.

#### Railz / FIS

**VP of Software Engineering** | Mar 2021 – Jan 2025  
Managed 4 managers and 36+ engineers globally. Led M&A technical due diligence through FIS acquisition. Drove 99% processing time reduction, 100% improvement in feature delivery, 40% cloud cost reduction, and 90% improvement in support response times.

#### IBM

**Technical Manager** | Sep 2016 – Mar 2021  
Technical team lead for 15+ engineers and people manager for 10+ staff. Built AI and ML cognitive document solutions earning 4 patents. Migrated monolith to containerized microservices, reducing processing time by 95%.

### CORE COMPETENCIES

- ✓ Engineering Strategy and Roadmap
- ✓ Team Building and Talent Scaling
- ✓ System Architecture, Cloud and Modernization
- ✓ Innovation, AI, ML and Automation Integration
- ✓ SDLC and Engineering Process
- ✓ Agile and Project Management
- ✓ Operational Excellence and Cost Optimization
- ✓ M&A Due Diligence and Technical Integration
- ✓ SOC2 / Security / Compliance
- ✓ Stakeholder and Executive Alignment

### EDUCATION

#### MSc, Computing and Data Analytics

Saint Mary's University, Halifax, NS | 2016

#### BSc, Computer Science

Babcock University, Nigeria | 2012

Ready to bring senior engineering leadership to your team? Let's talk.
