Frequently Asked Questions

Q. How does a session or shoot work?

A first conversation defines your needs and the mood you want. I prepare a plan, then we shoot. You receive a retouched selection within the agreed timeframe.

Q. What is the delivery time?

Photo: 5 to 10 business days · Short video: 7 to 14 days · Website: 2 to 5 weeks depending on scope. Express delivery is available at extra cost.

Q. Will I be able to edit my website myself?

Yes. Every website comes with video training: you edit text, photos and pages from a simple dashboard, without reading or writing a single line of code.

Q. Do I own my website?

Yes, the website and its domain name are entirely yours. You receive all access credentials. Hosting and domain (around €10 to 30/mo) remain at your expense.

Q. How does payment work?

A 30 to 50% deposit confirms the booking. The balance is paid on delivery of the final files. Invoicing by bank transfer, through an umbrella-company solution.

Q. Do you travel outside Paris?

Yes, I travel throughout France and Europe. Travel and accommodation costs are then added to the invoice, transparently and itemized in the quote.

Q. Who owns the images?

You hold the delivered files for the agreed use. Paid advertising use is subject to a separate rights-transfer quote. I keep the right to feature the work in my portfolio, unless a confidentiality agreement applies.

GENERAL TERMS

i Deposit of 30 to 50% on order or contract signing · Balance on delivery of final files.
