Communication of European publication number and information on the application of Article 67(3) EPC

Provisional protection under Article 67(1) and (2) EPC in the individual contracting states becomes effective when the conditions referred to in Article 67(3) EPC have been fulfilled. Provisional protection in the individual extension and validation states is governed by the national laws of the countries concerned. For more details, see Chapter III of the EPO brochure "National Law relating to the EPC" (www.epo.org/law-practice/legal-texts/national-law.html), which also contains information about the extension and validation system. Further information can also be found in the Official Journal of the European Patent Office.

Pursuant to Article 153(3) EPC the publication under Article 21 PCT of an international application for which the European Patent Office is a designated or elected Office takes the place of the publication of a European patent application.

The bibliographic data of the above-mentioned Euro-PCT application will be published on 16.06.21 in Section I.1 of the European Patent Bulletin. The European publication number is 3833341.

In all future communications to the European Patent Office, please quote the application number plus Directorate number.
