COMPANY HISTORY & OBJECTIVES

Conceptualised in 2009, Lojik Solutions was born from a group of young IT professionals whose primary objective was to make IT innovative solutions readily available to the people of Malawi. Even at its infancy, Lojik Solutions has been pioneering different IT solutions within different sectors to support and grow efficiency in the day to day tasks of business. Officially registered as a limited company in January 2020, we still hold true the ideologies that first sparked the Lojik dream.

we believe in putting the needs of the client first, to ensure we provide solutions that best fit into their long term business operations. From scoping all the way to delivery, Lojik Solutions will take the client along a path of value addition right from the on-set.

We are committed to give robust and innovative ideas to our customer portfolio on unmatched levels within the industry. We have enhanced our service offerings to incorporate the ever changing business environment for our clients.

COMPANY VALUES

At the top of the list lies **Integrity**. We believe in working with both our staff and clients at the highest level of honesty and moral standard.

We believe in becoming better each day through a **Continous Improvement** process for both our staff and clients.

We believe in learning from our collaborations through **Teamwork**, so we deliver full solutions across the board.

COMPANY VISION & COMMITMENT

To deliver innovative business solutions that challenge business as usual.

Research & Development

We will always equip our staff with the latest technologies and invest in improving client solutions for a long term business benefit.

Long Term Relationship

We will be with you from start to finish through offering innovative business solutions that will meet your ever changing business objectives.

Quality of Service

We strive to achieve the highest levels of quality of service when it comes to service delivery on all our engagement platforms and solutions.

COMPANY MESSAGE

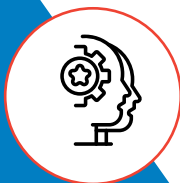

Lojik solutions will always be geared to step up its service offering portfolio for the ever demanding client base, to enhance productivity and efficiency over the long term business relationship. We stand to “redefine innovation” to its core, to allow a more smart and richer client experience across the different industries within the country.

OUR SERVICES

WHAT WE DO?

“Innovation is seeing what everybody has seen and thinking what nobody has thought.” –Dr. Albert, Szent- Györgyi

We have a variety of services for clients to benefit from in the different business environments, from tailor made solutions through our developers capabilities to improving staff IT skills and knowledge with our learning and growth teams, there is something for everyone to benefit from.

Software Development

Our highly skilled developers are well versed with different programming languages readily available at your disposal to deliver top class software and applications to suite your business requirements across the different platforms. you dream it, we make it.

Digital Marketing

We design templates, flyers, business documents, posters, business cards and many more. with a wide range of design selections to choose from, we are more than confident we can bring a new face to your business outlook.

Training

We offer different IT trainings for our clients, ranging from microsoft office, ITIL and software development languages. Engage with our learning and growth teams to see how your teams can leverage off of the existing knowledge base.

NOTABLE PARTNERS & PROJECTS

“Coming together is a **beginning**,
Staying together is **progress**, and
working together is **success.**” -
Henry Ford

MyBucks Banking Corporation:

We successfully deployed an online training platform to cater for trainings needs of the corporation during the work from home as well as covid-19 pandemic period.

MyBucks Banking Corporation:

We successfully deployed a KYC Verification Platform fully integrated to the National Registration Bureau (NRB).

Total Malawi:

We successfully developed and deployed a bespoke solution for their internal work flow approval process, complete with reporting as well as customisable approval process flow modules.

TNM:

Our development teams were quite very instrumental in the development and deployment of the TNM smart app, KYC simreg system as well the TNM mpamba mobile apps.

Digital Marketing

Below a listing of notable clients who have enjoyed our digital marketing services:

- Digital frontiers Institute
- Ten Century Capital
- Master Tiling
- Glorious Farms
