Hi There!

Soseo Infra Consultants Pvt. Ltd., formerly known as "Soseo Infra Consultants", established in 2020, is one of India's renowned engineering consultancy firms. With a dedicated and skilled team, we ensure the delivery of comprehensive civil engineering consultancy solutions in the infrastructure sector. The firm provides expert consultancy services in planning, engineering design, project management, and specialized advisory services. Our expertise covers infrastructure development, including Elevated Roads & Highways, Bridges & Structures, and Traffic & Transportation. Through innovation, precision, and commitment to quality, we strive to create sustainable and efficient infrastructure solutions, contributing to India's development.

About Company.

Soseo Infra Consultants Pvt. Ltd., formerly known as “Soseo Infra Consultants”, was established in 2020 and has since grown into one of India's most renowned engineering consultancy firms. With a team of highly skilled and experienced professionals, the company is committed to delivering comprehensive civil engineering consultancy solutions across the infrastructure sector. Our expertise spans across various domains, including planning, engineering design, project management, and specialized advisory services. By integrating cutting-edge technology and innovative methodologies, we ensure the successful execution of high-quality infrastructure projects that meet global standards.

Our core focus areas include Elevated Roads & Highways, Bridges & Structures, and Traffic & Transportation. Through meticulous design, feasibility studies, and project execution strategies, we provide efficient and sustainable solutions for road network expansion, bridge construction, and transportation systems. We work closely with government agencies, private developers, and industry stakeholders, ensuring that every project is aligned with the latest engineering practices and regulatory frameworks. With a strong emphasis on precision and sustainability, we aim to enhance the efficiency, safety, and durability of infrastructure developments.

Company Values

At Soseo Infra Consultants Pvt. Ltd., our core values shape our vision and define how we approach every project. Integrity and transparency are at the heart of our operations, ensuring that we uphold the highest standards of honesty, ethics, and accountability in all our dealings. We believe in fostering trust and credibility with our clients, partners, and stakeholders through open communication and responsible decision-making.

We are committed to innovation and excellence, continuously integrating cutting-edge technology and best industry practices to deliver superior engineering solutions. Our client-centric approach drives us to understand and fulfill the unique requirements of each project, ensuring efficiency, quality, and long-term success.

Sustainability is a key pillar of our work, as we strive to create eco-friendly, durable, and future-ready infrastructure that aligns with global environmental standards. We take responsibility for minimizing environmental impact and promoting sustainable growth through our engineering solutions.

Collaboration and teamwork form the foundation of our success. We believe in building strong partnerships and a culture of teamwork, working seamlessly with government agencies, private developers, and industry experts to achieve excellence. These values continue to inspire us as we shape the future of infrastructure development with dedication, innovation, and responsibility.

Message from the Managing Director

At Soseo Infra Consultants Pvt. Ltd., we believe that innovation, expertise, and dedication are the pillars of building a strong and sustainable infrastructure. Since our inception in 2020, we have been committed to delivering high-quality engineering consultancy solutions that drive progress and development in India's infrastructure sector. Our journey has been one of continuous learning, adaptation, and excellence, ensuring that we stay ahead in the ever-evolving world of civil engineering.

Our team of highly skilled professionals brings a wealth of knowledge and experience to every project, ensuring precision, efficiency, and sustainability in our solutions. From highway infrastructure design and bridge engineering to traffic analysis and project management, we take pride in offering comprehensive and innovative consultancy services that cater to the growing needs of modern infrastructure. With a focus on client satisfaction, technical excellence, and regulatory compliance, we strive to set new benchmarks in the industry.

As we move forward, our vision remains clear—to be a trusted leader in infrastructure consultancy, contributing to the development of efficient, safe, and sustainable transportation networks. We are grateful for the trust and support of our clients, partners, and stakeholders, who continue to be the driving force behind our success. Together, we will continue to build a future where infrastructure is not just functional, but also transformative.

Managing Director
Soseo Infra Consultants Pvt. Ltd.

Our Services

At Soseo Infra Consultants Pvt. Ltd., we offer a comprehensive range of civil engineering consultancy services tailored to meet the evolving needs of the infrastructure sector. Our expertise spans across highway design, bridge engineering, traffic management, and transportation planning, ensuring that each project is executed with precision, innovation, and sustainability. With a team of highly skilled professionals and advanced technology, we deliver cost-effective and high-quality solutions that enhance connectivity, safety, and efficiency in infrastructure development.

Our Key Services:

- ✓ Highway Infrastructure Design – Feasibility studies, geometric design, and pavement analysis.
- ✓ Bridges & Structural Engineering – Design, analysis, and consultancy for bridges and elevated structures.
- ✓ Detailed Project Reports (DPR) – Comprehensive planning, feasibility analysis, and execution strategies.
- ✓ Traffic & Transportation Studies – Data-driven traffic surveys, forecasting, and mobility planning.
- ✓ Geotechnical & Highway Surveys – Soil investigation, topographic surveys, and alignment studies.
- ✓ Project Management & Advisory – End-to-end project execution, monitoring, and regulatory compliance.

With a client-centric approach and commitment to excellence, we strive to provide innovative and sustainable engineering solutions that contribute to India's infrastructure growth

Our Clients

We are honored to work with our valued clients and stakeholders, ensuring that each project we undertake meets the highest standards of engineering, sustainability, and efficiency.

How It Works

At Soseo Infra Consultants Pvt. Ltd., we follow a structured, client-centric, and quality-driven approach to ensure seamless project execution and innovative engineering solutions. Our work process is designed to maximize efficiency, accuracy, and sustainability, ensuring that every project meets the highest industry standards.

We begin with a detailed consultation and requirement analysis, where our expert team collaborates closely with clients to understand their needs, project scope, and key objectives. This is followed by an in-depth feasibility study, site surveys, and data collection, ensuring a strong foundation for effective planning and execution.

Our experienced engineers and consultants then move to the design and planning phase, where we use advanced engineering tools, cutting-edge technology, and industry best practices to develop innovative, sustainable, and cost-effective solutions. Every project undergoes rigorous quality checks and compliance reviews, ensuring that our solutions align with regulatory standards, environmental considerations, and client expectations.

During execution, we focus on efficient project management, continuous monitoring, and timely delivery, ensuring that all aspects of the project stay on track. We conduct regular progress reviews, stakeholder meetings, and performance evaluations to maintain transparency and accountability. Post-completion, we provide comprehensive reporting, documentation, and technical support, ensuring the long-term success and sustainability of our projects.

With our expertise, dedication, and commitment to excellence, we deliver high-quality, future-ready infrastructure solutions that drive progress and connectivity.

Meet Our Team

Sh. D.K Singh, VP
(Projects & Business
Development)

Sh. D.K Singh, Vice President – Projects is a highly accomplished professional with over 20 years of experience in highway engineering, project execution, and infrastructure development. He specializes in end-to-end project management, including planning, design coordination, construction supervision, and stakeholder management for major national and state highway projects. With extensive expertise in contract management, cost optimization, and timely project delivery, he ensures seamless execution while maintaining quality, safety, and regulatory compliance. His strategic leadership and technical proficiency contribute to the successful implementation of complex highway infrastructure projects, driving efficiency, innovation, and long-term sustainability in the sector.

Sh. Padmesh Aggarwal, VP
(Projects)

Sh. Padmesh Aggarwal, Vice President, Projects is a seasoned civil engineering professional with an impressive career spanning 29 years, specializing in the highway and railway infrastructure sectors. Holding an M.Tech in Structural Engineering and a B.Tech from NIT Chhattisgarh, Raipur (1996), he has played a crucial role in the execution, planning, and management of large-scale infrastructure projects. With nearly three decades of experience, Padmesh has developed deep expertise in Highway and Railway Infrastructure Development – Involved in the planning, design, and execution of major roadway and railway projects, ensuring compliance with national and international standards, and in Road Construction – Extensive experience in the development of high-speed corridors, expressways, and national highways.

Meet Our Team

At Soseo Infra Consultants Pvt. Ltd., our success is driven by a team of highly skilled professionals working under the guidance of experienced management. Our team includes highway engineers, structural engineers, senior engineers, draughtsmen, planners, and project managers, all dedicated to delivering innovative and efficient infrastructure solutions. With expertise in highway design, bridge engineering, urban planning, and water resource management, we ensure the highest standards in every project. Our collaborative approach, combined with technical excellence and attention to detail, enables us to create sustainable, high-quality infrastructure that meets evolving industry demands and client expectations.
