LOGICAL FUN FOR LITTLE THINKERS! | PERFECT FOR PRESCHOOLERS
| **60 FRUITS** | 15 SUDOKU PUZZLES | **FOR KIDS AGES 3-8**

SUDOKU 4 x 4

CUT & PASTE

FRUITS

LOGICAL FUN FOR LITTLE THINKERS!

Your mission:

Help all the fruits find their place!

Cut them out, stick them in the right spots,
and have fun solving each puzzle.

Step by step,

you'll become a Sudoku Master!

PUZZLE HERO : _____

How to solve Sudoku – step by step

Meet the fruits in this puzzle:

cherry

kiwi fruit

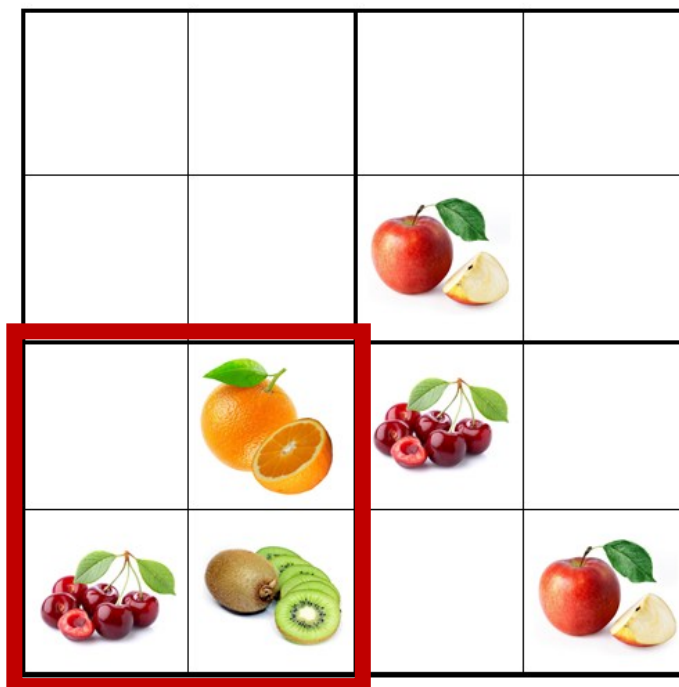

orange

apple

Step 1.

Look at the **small 2x2 square**. The **apple** is missing. Cut out the apple and **paste it in the correct spot**.

Meet the fruits in this puzzle:

cherry

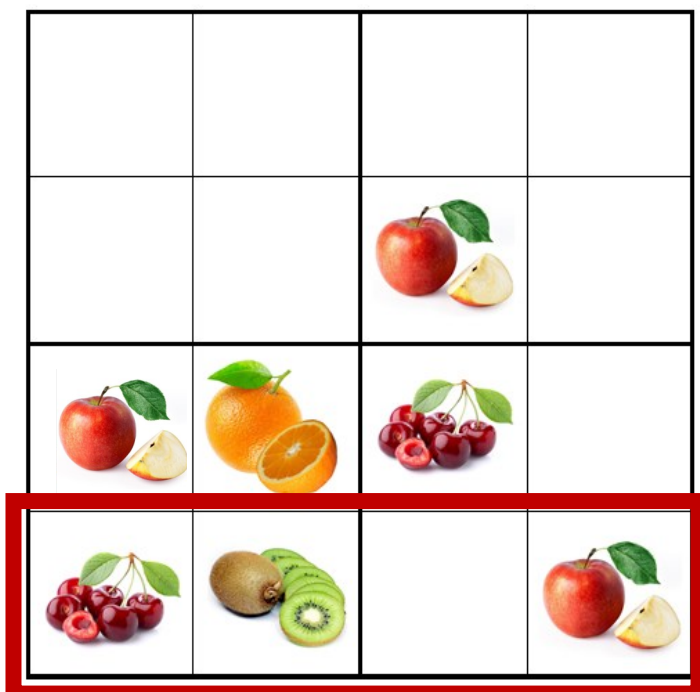

kiwi fruit

orange

apple

Step 2.

Look at the whole **row**. The **orange** is missing. Cut it out and **stick it where it belongs**.

Meet the fruits in this puzzle:

cherry

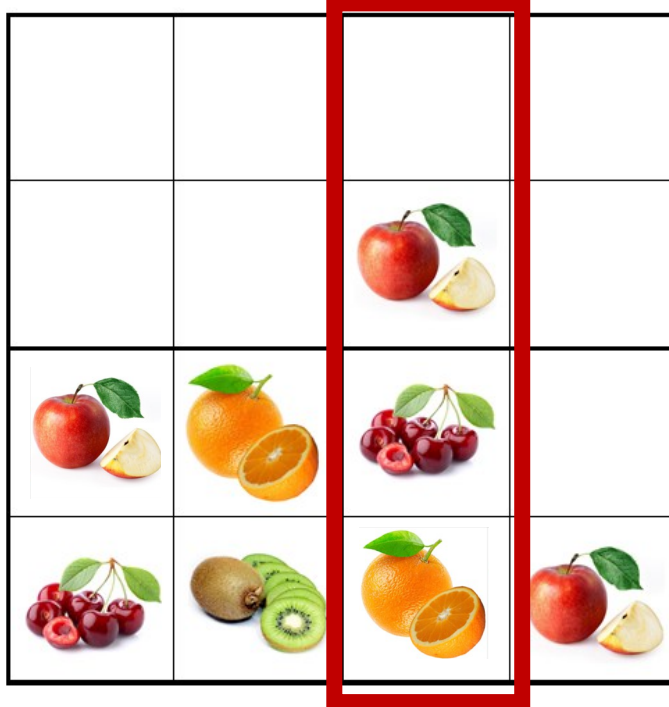

kiwi fruit

orange

apple

Step 3.

Now check the **column**.
The **kiwi fruit** is missing.
Cut out the kiwi fruit
and **paste it in the right**
place.

Step 4.

Mark the boxes where
a certain fruit can't go.
That will help you figure
out **the correct place**
for the last images —
for example, the green
-framed space is per-
fect for **the last apple**.

Meet the fruits in this puzzle:

cherry

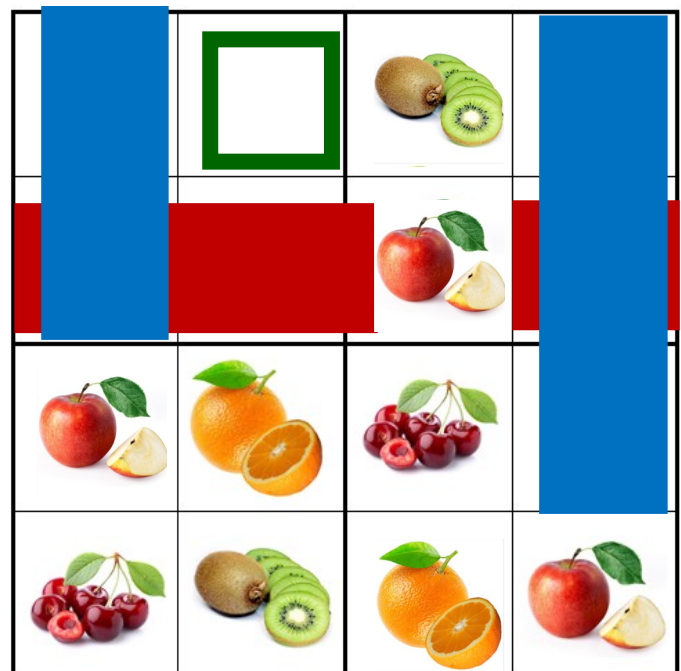

kiwi fruit

orange

apple

Meet the fruits in this puzzle:

cherry

kiwi fruit

orange

apple

Step 5.

Now try **solving the whole puzzle** using the same strategies from steps 1–4. Take your time, go step by step – you can do it!

Meet the fruits in this puzzle:

cherry

kiwi fruit

orange

apple

All done!

At the end, you'll see **a complete Sudoku puzzle** – with all the fruits in their right spots. **Bravo, Puzzle Hero!**

Meet the fruits in this puzzle:

guava

lychee

starfruit

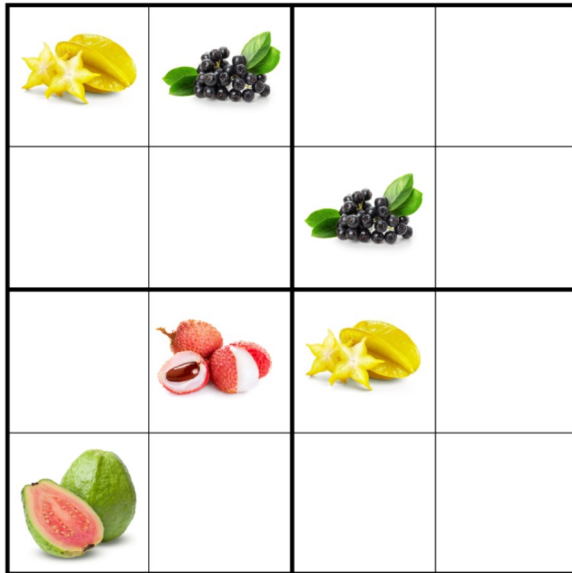

chokeberry

Meet the fruits in this puzzle:

What's inside?
