

SUDOKU 4x4 FOR KIDS CUT & PASTE

AGE:
3-8

FRUITS

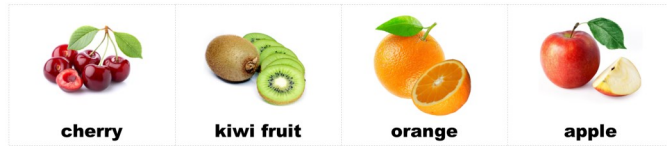

SUDOKU 4 x 4
FOR CHILDREN
CUT & PASTE

FRUITS

IT BELONGS TO: _____

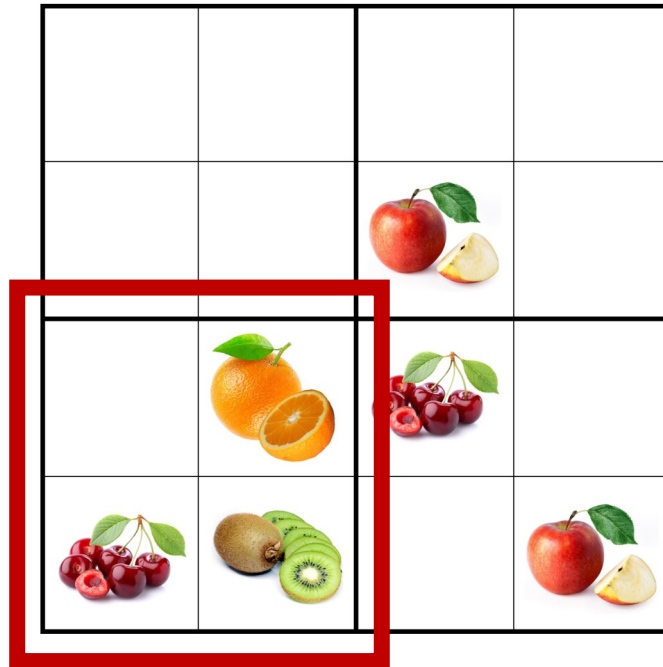

How to solve?

Fruits on this page:

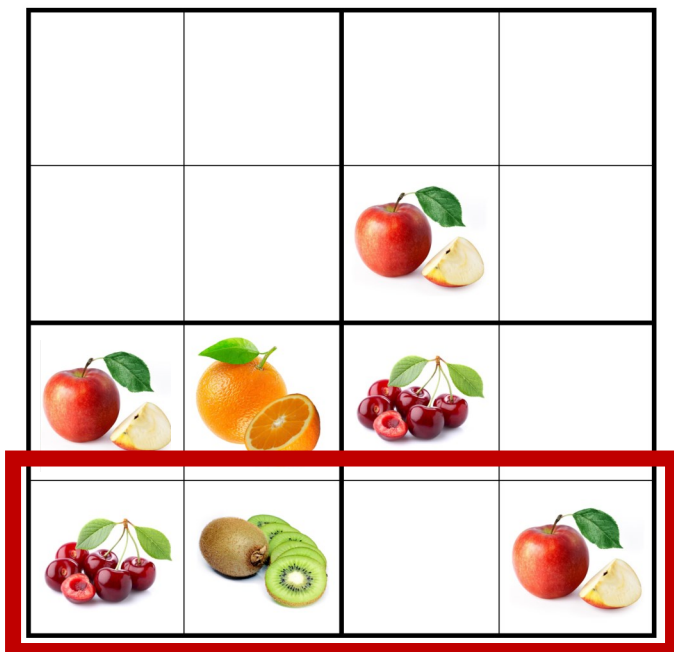

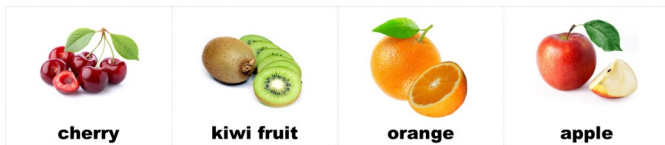

Step 1.

Look at this little box 2x2. The missing fruit is an apple. Now you can paste cutted apple in the right box.

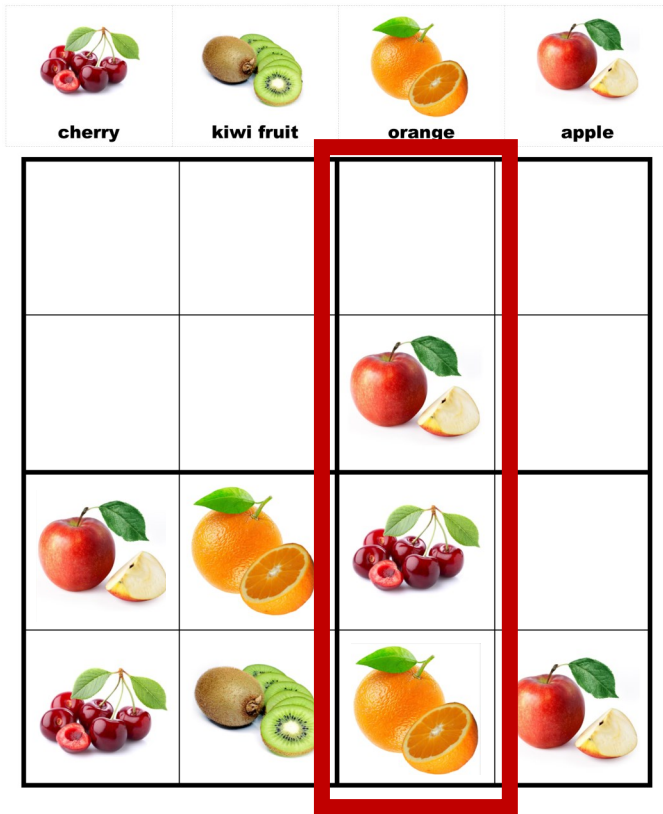

Fruits on this page:

Step 2.

Look at this row. The missing fruit here is an orange. Now you can paste cutted orange in the right box.

Fruits on this page:

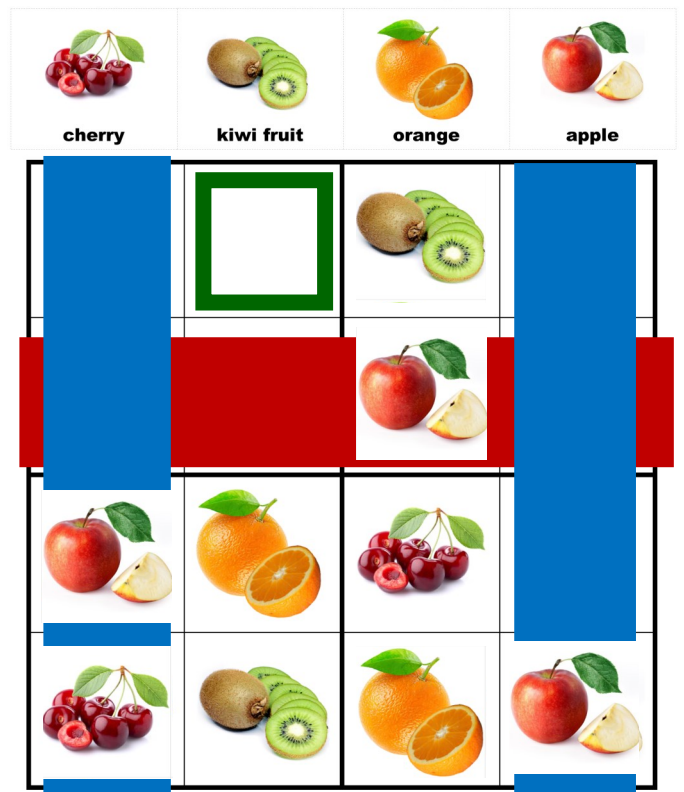

Step 3.

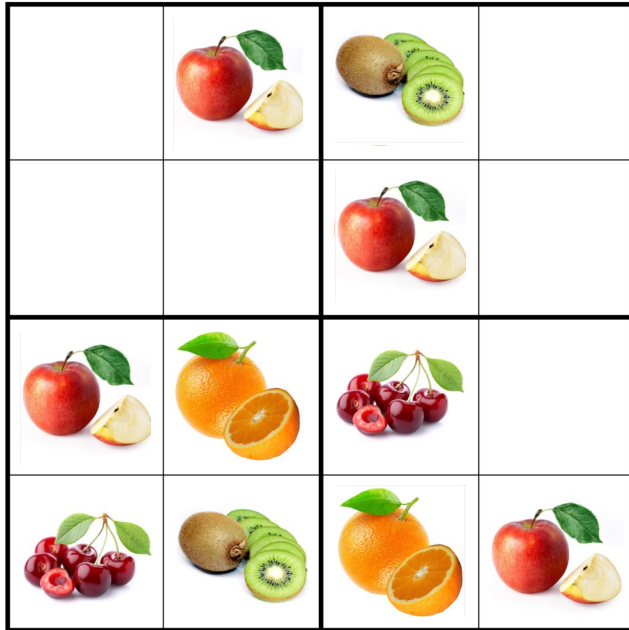

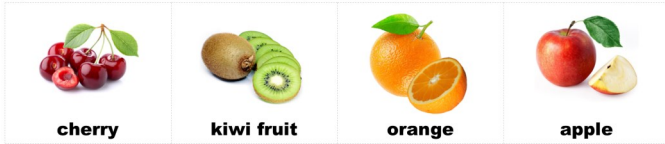

Look at this column. The missing fruit here is kiwi fruit. Now you can paste cutted kiwi fruit in the right box.

Step 4. You can mark the boxes where you can no longer place any more apples (you know where they are in each remaining row and each remaining column). Then, you will see only one correct box where you can place the last cutted apple.
