PROJECTS

FLEXIBLE AND SOFT

A photograph of a marble bust of David, the famous sculpture by Michelangelo, displayed on a stone pedestal in a museum. The background is a curved wall with horizontal stone layers, illuminated by a warm, golden light. A semi-transparent orange banner is overlaid across the middle of the image.

THE DESIGN YOU CHOOSÉD

A large roll of brown, textured fabric, possibly a rug or carpet, is being unrolled on a light-colored wooden floor. The fabric has a dense, woven pattern. A person's hand is visible on the right side, holding the edge of the roll. The background shows a wooden floor and a glimpse of an outdoor area with trees and a building.
