- » Innovation and continuous improvement

WHAT SET US APART:-

Madhav Logistics is a fast-growing global logistics company based in Hyderabad Telangana. We run our business as one highly integrated network of people, technology, and partners in pan India.

Our company has two reporting segments: LTL (Less than truck load) and FTL (Full truck load) within these segments, our business is well diversified by geographies, verticals, and types of service.. Most important, we've hired top shelf talent executives who know how to help our customers improve productivity and reduce costs.

Today, Madhav Logistics is on the rader in every industry that requires transportation. We're working closely with customers to look at their entire transportation needs, from point of origin to the end-consumers, to identify the opportunities.
