# ABOUT US

## WE DELIVER YOUR NEEDS

Build world General trading is dealing with every building materials

**Build World General Trading** is a registered L.L.C company (Limited Liability Company), was founded in 2013 in Dubai, United Arab Emirates. Which is owned and managed by Engineers and has many years of experience in High Pressure, Low Pressure, CPVC Fittings, Valves, Irrigation, Sanitary products, Electrical products & Aluminium ladders and Scaffoldings. We cater customers of multiple sectors like Construction (Civil / Mechanical / Electrical) Oil & Gas, Instrumentation Hydraulic and more in Middle East region.

Build World General Trading L.L.C a successful trading house with extensive experience acquired over the years is supplemented by reliable supply sources and trustworthy customer base to meet the challenge of the current business contests.

We are one of the leading Importers, Exporters and Suppliers of wide range high pressure Pipes and Fittings of PVC - CPVC - HDPE, PPR & PP Compression Fittings, Valves, landscaping, pools, Sanitary ware & Water Treatment Equipment also other plumbing materials and many more trading items. We are based in Dubai-UAE and Doha Qatar with a team of professional and technical staff.

MOHAMMED ALI.P

Managing Director

## UPVC,PRESSURE PIPES AND FITTINGS

WE ARE DEALING WITH LEADING UPVC BRANDS LIKE CEPEX,MODERN PLASTIC,PIMTAS ETC..

## LOW PRESSURE PIPES AND FITTINGS

LOW PRESSURE PIPES OF ostendorf,Mpi,FlowTech,Atlast etc..

## PP-R / PP-RCT PIPES AND FITTINGS

PP-R PIPES ARE ONE OF THE MOST MOVING ITEMS IN OUR WAREHOUSE . BR,MPI,Atlas

## SWIMMING POOL EQUIPMENTS

ALL SWIMMING POOL ACCESORIES AND EQUIPMENTS

## IRRIGATION AND GLUE

ALL TYPE OF IRRIGATION SYSTEMS AND PIPE GLUE

new edition

# BUILD- WORLD

BUILD WORLD GENERAL TRADING LLC IS LEADING COMPANY IN UAE

DEALING WITH ALL KIND OF PIPES AND FITTINGS

# STRATEGIC PARTNERS

SINCE 2013

# UPVC HIGH PRESSURE PIPE AND FITTINGS

Cepex is the brand for the fluid handling market belonging to the Fluidra group. One of the leading european manufacturer of valves and fittings in thermoplastic materials. Dedicated to the swimming pool, irrigation and industrial markets, we distribute our products worldwide with the Fluidra commercial network and presence in 46 countries with 136 sales branches.

**BUILD WORLD GENERAL TRADING LLC.** Has been dealing with cepex for the past "9" years. As promised, We always ensure the product quality . Cepex has been our one of the trusted brand through out our journey we are always proud to say that we are having almost all product stocks ready available any time. we were also awarded the "Gold client award of the year 2018" by FLUIDRA.

**MODERN**  
PLASTIC INDUSTRY

Modern Plastic Industry is part of Oasis Investment company, holding company of Al Shirawi Group of companies which is one of the largest and most diversified business conglomerates in the Arabian gulf. Proven research capability and ability to provide products to suit customer application needs, Pipes & fittings at a competitive price, Technical service and installation backup - wide range of pipes & fittings in UPVC (SWR Drainage), UPVC high pressure, CPVC & PP Compression. Prompt deliveries in-house manufacturing facilities for all the pipes and fittings in UAE.

**WHY CHOOSE MODERN PLASTIC INDUSTRY LLC ?**

- Proven research capability and ability to provide products to suit customer application needs.
- Pipes & fittings at a competitive price.
- Technical service and installation backup.
- One stop facility - wide range of pipes & fittings in UPVC (SWR Drainage), UPVC high pressure, CPVC & PP Compression.
- Prompt deliveries - in house manufacturing facilities for all the pipes and fittings in UAE.
- Quality and reliability - according to international standards, Quality management system (ISO 9001 & kitemark).
- Operational excellence - precision manufacturing according to the standards using state of the art machinery.
- Duty exemption in GCC countries.
- Service - 24 hours customer service.

# UPVC LOW PRESSURE PIPES AND FITTINGS

**Product Origin :** All items are manufactured in Germany.

**Material:** Polypropylene mineral-reinforced solid wall Soundproof System- PP RAL 7035 light grey color.

**Requirements:**  
Ostendorf SkolanSafe is manufactured according to Z-42.1-217 DIN EN1451-1 in association with DIN19560-10 and meeting the sound-absorption requirements as per DIN4109.

**Dimensions:**  
DN50 up to DN200

**Working pressure:** non-pressure gravity system with a push-fit connection.

**Applications:** Soundproof in-house drainage and wastewater system that is meeting the applications of installations and dimensioning according to DIN EN12056 and 1986-100.

The Bänninger Group established Baenninger Trading LLC in 2011 as their subsidiary in Dubai which is since handling the business of Bänninger in the Middle East region.

Baenninger Trading LLC is working based on norms and user-defined internal processes to minimize potential issues. Countries like the Kingdom of Bahrain, Sultanate of Oman, Qatar, Kingdom of Saudi Arabia and many more are already benefiting from our branch in Dubai.

**Approvals:**

Our PP-RCT System is fully certified by the following institutions

DIN CERTCO / ÖVGW / AENOR / WRAS / NSF61 & 14 and many more around the world

Our system is approved by the major governmental institutions in the UAE like ADNOC , ADCE and Musanada.

Ministry of Works Bahrain. More to come....

**Dimensions:**

Baenninger produces all fittings and pipes in the range d20 up to d500.

All fittings are injection molded type only and therefore fully pressure rated.

**Working pressure with a reduced wall thickness:**

Cold water 20°C up to 20bar

Hot water 70°C up to 10bar

Heater 70°C up to 3bar

**PP-R**

**HDPE**

# SWIMMING- POOL EQUIP- MENTS

SWIMMING POOL PUMPS, FITTINGS, HEAT COOL PUMPS. FILTRATION PUMPS, CLEANING EQUIPMENTS ETC..

**Victoria Plus Silent Variable Speed**

The Victoria Plus Silent pump for residential pools comes with a 1 hp or 2 hp motor, has variable speeds and can be automatically controlled.

This pump has been designed for both new-build pools and as a replacement for pumps already fitted.

Significant power savings can be made thanks to the use of variable speeds and the timer.

The pump is compatible with the Fluidra Connect platform.

It has a built-in HIM controller with the possibility of mounting it on a wall for better usability.

Bathers experience a greater feeling of well-being due to the reduced noise level.

There are digital inputs and outputs for the smooth running of all pool units, such as the salt chlorinator and heat pump. It includes a power factor correction function for reducing current flow. It does not require an external power pack for Fluidra Connect..

**Self-priming pumps**

Self-priming pumps are so named because they have the ability to draw water from the pool to the filter and then push it back into the pool.

AstralPool self-priming pumps have single-phase and three-phase motors as well as prefilters integrated into the pump body to prevent foreign objects from entering which could damage the hydraulic parts of the pump.

**Centrifugal pumps**

A centrifugal pump uses a rotating rotor which draws water towards its center and which, by centrifugal force, discharges it outwards through the rotor blades and out of the pump. The action is characterized by low pressures and low capacity.

**Strainers**

The pool pump can have a pre-filter. It preserves the swimming pool filter, because the water is already rid of its biggest impurities after its passage in the pump.

**Control boxes**

The control and programming panels offer advantages of the system by means of an easy programming of its operation, adapting the filtering capacity to the needs and to the schedules, they are equipped with electrical protection
