COMMUNICATION WITH FAMILIES

Communication with families is an important aspect for us. They can connect with the organization at any time either by call or by What's App at 633739312

MEDICAL INFORMATION

It is important that they inform the monitors of any allergies or diseases they are suffering from.

Although the monitors will be aware that the students use sunscreen every day, it is important that they remind their children of the importance of using it to avoid possible sunburn.
