
Commission Communication COM(2025)85 final:

The Clean Industrial Deal: A joint roadmap for competitiveness and decarbonisation

Report accessible at: <https://eur-lex.europa.eu/legal-content/EN/TXT/PDF/?uri=CELEX:52025DC0085>

(Posted on average 15-30 days before the exam day. EPSO publishes the source document **in advance**, but doesn't specify how early; monitor your EPSO account closely).

Written Test Assignment (Exam Day Prompt)

You are a policy officer at DG Environment.

You have been asked to draft a briefing note (maximum 1 page) to be submitted to your Head of Unit, summarising and assessing the main environmental implications of the Commission's recent Communication "*Delivering the Clean Industrial Deal*" (COM(2025)85 final), with particular reference to how it aligns with EU environmental goals and challenges.

Your note should:

- Summarise the relevant elements of the Clean Industrial Deal from an environmental perspective.
- Assess how effectively the Communication integrates climate and circular economy priorities.
- Highlight any potential risks or limitations from an environmental policy point of view.
- Be clear, concise, and well-structured, using appropriate tone and register for an internal policy briefing.

You have **40 minutes** to complete this assignment. Your response will be assessed against the following criteria:

- **Content** (clarity, relevance, completeness),
 - **Structure** (logical flow, organisation),
 - **Style and Register** (suitability for audience and context),
 - **Language** (accuracy, fluency, and vocabulary).
-
