

WHITE PARADISE WEEKEND

Description

Escape to the quiet majesty of winter for a weekend of snowshoe hiking and traditional hospitality. At the heart of this experience is the historic Simplon Hospice, where since 1831, the chanoines have upheld a tradition of warm, genuine hospitality. Rooted in the spirit of their founder, Saint Bernard of Menthon, they welcome travelers from all walks of life to pause, reflect, and reconnect.

Staying at the hospice is more than a rest stop; it's a step back in time. The ancient walls, the simple comfort, and the heartfelt care of the chanoines create an atmosphere of timeless peace, offering nourishment for both the body and soul.

Join us for a weekend that will leave you refreshed, inspired, and deeply connected to the beauty of snow-covered landscapes.
