

TOROS FC

Players interested in applying for financial aid for the 2022/2023 soccer year should submit their completed application by the timeline outlined below. Applications submitted after the deadline will be considered only if additional funds are available.

All scholarship recipients should plan to participate in a registration session -- by appointment -- to complete their scholarship contract, set up their payment plan, and order their uniform.

- Scholarship Registration Sessions - Virtual
- Appointments will be offered over the phone
- Scheduling information will be provided in your acceptance email

The Scholarship Committee, which is comprised of at least 3 individuals, reviews the scholarship applications. Applicants will be informed of scholarship awards prior to registration and will be asked to sign a Financial Assistance Contract. Selection to a team is handled independent of the scholarship process.
