

## **PhilPapers Master Index & Keyword Reference**

A professionally structured reference document containing all 39 PhilPapers papers by L.R. Caldwell, organized by category with keyword mappings for academic indexing.

## **Core CSFT Theory & Foundations**

### **Consciousness Structured Field Theory (CSFT)**

Keywords: CSFT, consciousness field, one-field ontology, resonance, metaphysics of mind, quantum field reinterpretation

### **Clarifying the Scientific Foundations of CSFT: A Response to Misconceptions**

Keywords: CSFT, scientific foundations, misconceptions, philosophy of science, methodology

### **CSFT: Theoretical Integrity, Scientific Alignment, and Metaphysical Necessity**

Keywords: field ontology, metaphysical necessity, scientific alignment, consciousness field

### **CSFT as a One-Field Ontology: Quantum Observation as Localized Consciousness Resonance**

Keywords: one-field ontology, quantum observation, localized resonance, consciousness field

### **Consciousness as Ontological Ground: Resonance and the Continuity of Matter**

Keywords: ontological priority, resonance, continuity of matter, CSFT

### **Consciousness as a Continuous Excitation Source**

Keywords: excitation, particle stability, resonance model, CSFT

### **Consciousness Explained: A Multi-Perspective Analysis**

Keywords: consciousness, metaphysics of mind, hard problem, CSFT

### **Entity 1.0: Is Consciousness a Force, an Entity, or Both?**

Keywords: ontology, force, entity, consciousness, CSFT

### **Beyond Neural Sufficiency: A Leibniz-Inspired Field Theory of Consciousness**

Keywords: neural limits, Leibniz, field theory, consciousness

### **Why Consciousness Remains Unmeasurable in CSFT**

Keywords: measurement limits, consciousness field, epistemology

## **Physics, Quantum Field, and Planck-Boundary Papers**

### **Planck Mirror Theory: A Dual-Universe Interpretation in CSFT**

Keywords: Planck boundary, dual universe, quantum field, resonance

### **The Planck Boundary as a Resonance Threshold**

Keywords: Planck boundary, resonance threshold, limits of physics

### **Reframing Quantum Fields as Resonances**

Keywords: quantum fields, resonance, PSR, field ontology

### **Qualia as Excitations: Symmetry Between Quantum Fields and Consciousness**

Keywords: qualia, excitations, quantum symmetry, CSFT

### **How Science Creates Particles with Brute Force**

Keywords: particle creation, brute-force physics, resonance alternative

### **Beyond Brute Force: Consciousness and Quantum Excitation**

Keywords: quantum excitation, consciousness, resonance model

### **How the Invisible Shapes the Visible**

Keywords: unseen fields, visible effects, consciousness field

### **The Cold Resonance**

Keywords: low-energy resonance, field structure, quantum metaphysics

## **Leibniz, Metaphysics, and Principles of Reason**

### **Beyond One Best World: A CSFT Reinterpretation of Leibnizian Perfection**

Keywords: Leibniz, perfection, resonance domains

### **Leibniz's Principle of Sufficient Reason and the Primacy of Consciousness**

Keywords: PSR, Leibniz, primacy of consciousness

### **Transcendental Idealism to Transcendental Field Theory**

Keywords: Kant, idealism, field theory

### **A Conditional Argument for a Consciousness-First Ontology**

Keywords: consciousness-first, dialectical method, ontology

## **Qualia, Perception, and Philosophy of Mind**

### **Qualia as the Signature of Consciousness**

Keywords: qualia, hard problem, subjective experience

### **Perception and Consciousness**

Keywords: perception, qualia, consciousness

### **Why Neuroscience May Never Solve Consciousness**

Keywords: neuroscience limits, hard problem, field explanation

### **Perceptual Limits, Empiricism, and the Status of CSFT**

Keywords: perception, empiricism, field theory

### **Original Insight: Neuroscience vs. CSFT Interpretation**

Keywords: insight, creativity, neuroscience vs CSFT

### **Are Logical Rules Encoded in Neurons?**

Keywords: logic, neurons, representation, philosophy of mind

## **Death, Dreams, Memory**

### **Consciousness and Death: A Metaphysical, Theological, and Scientific Framework**

Keywords: death, consciousness, identity, metaphysics

### **Dreams, Nightmares, and Memory in CSFT**

Keywords: dreams, nightmares, memory, field theory

## **AI Theory and Consciousness**

### **How CSFT Makes Artificial Feeling Logically Possible**

Keywords: AI consciousness, artificial feeling, logical possibility

## **Education**

### **Philosophy as Pre-College Preparation**

Keywords: education, critical thinking, high school philosophy

## **Strategic Critique & Methodology Papers**

### **Anticipating Critique**

Keywords: critique, methodology, non-empirical virtues

### **Your Field Theory is Untestable—and Thus Unscientific?**

Keywords: testability, demarcation problem

### **On the Limits of Human Consciousness and the Misinterpretation of Fields**

Keywords: limits, misinterpretation, fields

### **Resonance Principles: A Foundational Bridge Between Physics and CSFT**

Keywords: resonance, bridge principles, physics + metaphysics

### **QPC and CSFT: Independent Convergence**

Keywords: QPC, convergence, fundamental consciousness
