Temperature	14°C - 26°C
Latitude	-1.782303800, 28.967742
Longitude	29.006168700

Founded in 2020 by six women from Kalehe Territory in South Kivu Province, **MAJIRANE COFFEE/COOP-CA** was established with the goal of:

- Promoting the cultivation of coffee, cocoa, cinchona, and tea through the availability of improved and certified seeds from the National Seed Service (*SENASEM*) for its members;
- Developing the value chain within the cooperative through production, collection, storage, processing, distribution, and marketing of agricultural products (coffee, cocoa, etc.);
- Improving production for its members

specifically, and the surrounding population in general;

- Increasing both the quality and quantity of coffee and cocoa production to remain competitive in the market;
- Improving and disseminating agropastoral production techniques through training and awareness efforts in order to boost community agricultural output;
- Promoting local initiatives to maintain agricultural feeder roads;
- Strengthening gender equity and supporting self-sufficiency initiatives for members.

In pursuit of its members' economic, social, and cultural aspirations, MAJIRANE COFFEE/COOP-CA is committed to carrying out all operations aligned with its social goals, including broader community development.

Infrastructure

The MAJIRANE Agricultural Cooperative owns three coffee washing stations in Buchiro, Kishiji, and Rwamiko. The main washing station is located in Buchiro, in the Mbinga-North grouping, Kalehe Territory, South Kivu Province. It is equipped with a depulping machine, fermentation tanks, a grading channel, and more than 20 drying tables. Majirane participated in Best of Congo Cooperatives 2024 and sold 1,500 kg to Pact Coffee.
