

REQUEST APPLICATION
(About The Indian Army recruitment Scam)

Date: 21 March 2023

To,
Honorable Mr. Csaba Korosi,
President of the General Assembly,
United Nations Organization,
New York, America.

From:-
Satish Kashinath Khilari,
(Assistant teacher of a Government school.)
A.P.: Kargani Taluka: Atpadi
District: Sangli State: Maharashtra.
Country: India Pin Code: 415 306

Mob. no. +91 751 754 9999, +91 9890820683.

CM128374133IN

The subject of the application: India Country is unsafe to visit by the VVIPs of other countries.

The reference to send this application: The Prime Minister of India Mr. Narendra Modi visited Mumbai city for the planned program on 19th January 2023. A National Security Guard commando was found with a fake document. The central government gave The Order to The Indian Army and The Intelligence Bureau of India to find the reason for a deliberate mistake. Because of the cause of the security of an Indian VVIP. (You can check the truth by a YouTube video link <https://youtu.be/PBwKJ11O94I>).

There are hundreds of soldiers in the Indian army enrolled by submitting fake documents. Ruling parties and opposition parties leaders of the government and related administration have known it. But they

(1)

are neglecting to verify the documents and to take the action against them. It's Dangerous to the security of other VVIPs like an Indian VVIP.

Reasons for the allegation of the recruitment process of the Indian army: My country's recruitment process is implemented through The Zone Recruiting Offices (for limited states near the Z. R. O.) and after by the Army recruiting offices (for limited districts near the A.R.O.) gradually. Any youth must be a permanent resident of the limited district intended for military recruitment.

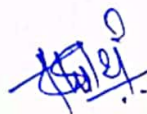

Proof of the Army recruitment scam in the Indian army: A recruitment rally was held in the year 2015 for thousand and fifty vacancies for the Aurangabad A.R.O. office of Maharashtra state. But after the recruitment process, the Director of Recruitment Colonel Mr. Mohanpal Singh Rampal Singh got doubted on the domicile certificates of some of them suspicious. Therefore, he has corresponded with the concerned Tehsil office about the verification of the documents. In that, they got information that the documents of forty-three soldiers out of the total were fake. So he registered a "cheating with the government" case in the related police office against them on 26th May 2016.

Status of that registered case: A total of thirty-seven accused were arrested on their own at the police station. The government and the administration do not want to arrest the rest of the accused in the criminal case despite having information about their residences along with the case registered with evidence. Nearly eight years are gone, but the case is in Pending status in the Honorable court.

The key to finding corruption in army recruitment: There is a trust which is enrolled in A Charity Commissioners office. (Adarsh career academy, Bahaddur wadi, Tehsil: walawa District: Sangli) Working for The Police and Army Pre-Recruitment training center. Ten buses of Maharashtra state road transport corporation were gone to the Aurangabad army recruitment rally. "All of the students was went to that the rally" is a statement of the chairman of that trust in an investigation report of a related police station. Thirty-nine accused from a total of forty-three of that criminal case are students of that trust.

My cousin brother is an accused in that case who was a student of that Academy. The incumbents of that trust took the five lack rupees from each successfully recruited student in that rally. I was given the all required amount to that trust for my cousin as a friend loan at the request of the mother and father of my cousin (They are the uncle and aunty of mine.)

The academy enrolled my cousin in the army through the other A.R.O. Where his domicile is true but the character certificate is fake. Because he is not acquitted by the honorable court in the above case. (The Direct General of India's Army recruitment about the complaint application I was given to the Chief of Army Staff replied to me that it's illegal and a crime. But my cousin is on the duty in the Indian army though the government and related administration have known that he is a Criminal.)

(2)

The best way to find corruption in the army recruitment systems: The financial trickery done with me by my relatives who are written above. The complaint application I have given to the Central Bureau of Investigation against my relatives and the incumbents of the related trust is sufficient to find a way of corruption in the recruitment system of the whole country. But the related C.B.I. officer enclosed my file and send it to the Defense Ministry of India.

The opinion of the honorable Prime minister about the Scam in the Army recruitment: I was given the complaint application with strong proof but the prime minister closed my file with the answer that the Indian army procedure is fair and transparent. (I have done the allegation that more than five hundred soldiers are recruited with fake domicile certificates who were a student of the Adarsh career Academy but they are not verified by related officers like Mr. Mohan pal singh because of corruption. I know What will my punishment be if I am Wrong.)

(The related documents I have attached with this application are written/ typed in other than the English language, But It's possible to translate them into the required languages.)

Honorable sir,

I think it would be dangerous for VVIPs from other countries to visit my country before the check of security conditions. I hope that you will share this information with other countries.

Yours truly,

(Khilari Satish Kashinath)

Application of the Request

Date: 27th April 2023

To,

Honourable Mr. Ajit Doval Ji,
National Security Advisor,
The Prime Minister office,
New Delhi.

Applicant:- Satish Kashinath Khilari

A.p.:-Kargani Taluka:- Atpadi
Dist:- Sangli State :- Maharashtra
Mobile number: 9890820683, 7517549999.
Email Id:- satishkhilari81@gmail.com

The subject of the Request:-

About to inform the sharing of the information of security condition/ Situations of our country to the authorities of other countries who are becoming here for to participate in the G 20 summit 2023.

The references for this application:

- Application of the request to the honorable Prime Minister of India on 15th May 2019.
- The answer to the above application became by Right to Information 2005 Act on the date 16th February 2021
- The applications of request for your appointment are given on the date of 5th and 15th February 2021.
- The application of the request which is sent by me to the President of General assembly of the United Nations organization on the date 21 March 2023.

Honorable Sir,

(1)

- Enrolling in the Indian Army by submitting fake documents and ignorance for the verification of that documents by corrupted related authorities is very dangerous for the security conditions of our great country. I got the proof of these illegal things from some army recruiting offices in Maharashtra and I informed to the related Ministries and administration offices of the Central and State for taking action against it. But I got disappointed with both sides' responses. So I was requested The President of India who is the supreme commander of the Armed Forces to Obey his duty. But there is no kind of reply I got from the honorable First Person of our country. So that's why I was compelled to send an application to the honorable president of the General Assembly of the United Nations Organization in which I had wrote that "How our country is unsafe to visit by VVIPs of another country?"
- A case with strong proof was filed by a commissioned officer of the Indian army for the above matter nearly seven years ago. The condition/ Situation of that case declares the finish of the three pillars of democracy.
- According to the information which is I Got through YouTube " The Pulwama attack of terrorists happened because of the negligence of the Home Ministry". So I think it needs to share the Information on security condition/ situations of our country with the participating countries which are member of the G 20 organization. Because **The Pulwama attack made the loss of life of soldiers and damage the image of the government. But if any incident will happens with the VVIPs of another country here, it will damage the image of our country in the whole world.**

Honorable Sir,

I am going to share the Information on security conditions/ situations to the G 20 Members countries which I am already informed to the U.N.O. office. I hope you will try to solve the problems on the security side before they will become a damage to the historical program of the summit, if it is a serious issue for the authorities of guest countries.

Yours truly,

Satish Kashinath Khilari.

(Khilari Satish Kashinath)

E-mail id:- satishkhilari81@gmail.com

The subject of the application:-

About to Share the information of the Security Conditions/ Situations of India to the Chief of your country before becoming here for G 20 summit.

Reference for this application:

The application about this subject which I have sent to the honorable President of General assembly of the United Nations organization.

Honorable Sir/ Madam

India country is secured by the police and the soldiers. The Ministry and administration system handles the required procedure. The Constitutional rules and regulations are made for implementation it better and the responsibilities are divided in between the ministry and administration.

Some soldiers are found who are enrolled with fake documents in a army recruitment rally. The Director of that recruitment office files a case against them for cheating with the government in a related police station on 26th may 2016. (The case is in pending status in the Honorable court.)

There are so many soldiers who are recruited by submitting fake documents by the different army recruiting offices but the related corrupted administration does not want to verify the documents. (A terrorist may be enrolled in the Indian army by giving corruption money to the related authority.)

I have had complaints with strong proof in the related ministries and administration to take action against the guilty people of this bad thing. But they are does not agree to do it. The judiciary system is also lazy about the criminal matter on the security side.

My Country is not safe for the VVIPs of other countries to visit because of bad governance, corrupted administration, and lazy criminal judiciary. So I have informed the President of the general assembly of the United Nations Organization. I have sent the application with the documents of proof, evidence, complaint application to the above authority, follow up for justice and responses became from them. (Nearly two hundred fifty documents are attached to that application with my signature.)

Honorable sir/ Madam,

My country is unsafe before the optimization on security side for the VVIPs who are becoming here for G 20 Summit. So I am requesting you to inform the authority of your country to get the detailed information from the United nation organization office. (I Can send the scanned copies of the Details on an authorized Email I'd of yours office.) I hope that they will decide to request to Government of India for 'correction' on security side before the summit days.

Yours truly.

Satish Kashinath Khilari.
