

Software Engineer (.NET)

Location: Remote | **Employment Type:** Full-time

Overview:

We are hiring a Software Engineer with expertise in Microsoft .NET technologies to design and build web applications. The role requires working closely with stakeholders to deliver robust and maintainable solutions.

Responsibilities:

- Develop ASP.NET MVC and .NET Core applications.
- Integrate applications with SQL Server databases.
- Optimize application performance and ensure security best practices.
- Collaborate with QA teams for testing and bug fixing.
- Maintain clear and up-to-date documentation.

Qualifications:

- Bachelor's degree in Computer Science or related discipline.
- Proficiency in C#, ASP.NET, .NET Core, and MVC architecture.
- Strong SQL Server knowledge.
- Experience with front-end technologies like HTML, CSS, JavaScript is a plus.
