TABLE OF CONTENTS

04-10 **Introduction**

10-19 **Sterilization Containers**

20-28 **Perforated Trays & Wire
Baskets**

30-34 **Components**

Type and Size Variations

The Sterilization Containers are manufacturing a range of sizes, offering specific solutions to meet the requirements of healthcare professionals.

Designed with user-friendly features that improve convenience in packaging and storage processes, optimizing workflow efficiency for CSSD.

Standard Height Sizes

(mm)

100

130

150

200

260

There are 5 different height options available in standard container types

Specific Needs Particular Solutions

The Sterilization Containers are typically available in three standard sizes: full (1/1), medium (3/4), and half (1/2) which meet flexibility and compatibility with a wide range of surgical instrument sets and medical equipment. Additionally, to meet specific needs, we offer various types of containers, providing particular solutions.

Colors

The containers offer six different color choices.

Ease of Identification

The containers feature color-coded lids, offering a quick and suitable method for categorization by color, which is easy to identify.
