

## Rodent Control Pricing Plans

Premises Type	One-Time Service (3-Month Warranty)	Extended Warranty (After 3 Months – Monthly)	Yearly AMC (4 Visits / 12-Month Warranty)
Apartments (Inside)	₹2,500	₹600 / month	₹7,500
Shop/Office/Restaurant (Inside Under 1000 SQF area)	₹3,000	₹800 / month	₹9,000
Other Premises (Open Area, Bangalow, Warehouse, Office, Society, Factory)	On Inspection	On Inspection	On Inspection

### One-Time Rodent Control

- Inspection and activity assessment
- Installation of traps & bait stations
- Removal after 5 nights
- 3-month service warranty
- Free re-treatment if activity reappears during warranty

#### ◆ Extended Warranty Plan

- Monthly inspection & bait replacement
- Trap repositioning as required
- Priority complaint handling
- Suitable for short-term protection needs

#### ◆ Yearly AMC (Recommended)

- 4 scheduled rodent control visits
- 12-month complete warranty

- Continuous monitoring and prevention
- Best solution for recurring infestations

## Important Notes

- Warranty Period (One-Time): 3 Months
- AMC Warranty Period: 12 Months
- Prices may vary based on infestation severity
- Rodent proofing / sealing work charged extra if required
- Fumigation is not applicable for rodent control

## Rodent Control Procedure

**Estimated Total Time Required:** 2 hours (5 days process)

**Warranty Period:** 3 months

We have designed unique advanced techniques to eliminate rodents from your premises. We use Integrated approach. We set up rodent solutions on the first day and remove it after 5 nights. During this time, rodent get killed or run away from the premises for longer duration.

1. Kill trap
2. Rodent Box (Baiting Station)
3. Rat Cages
4. Chronic Rodenticide
5. Acute Rodenticide
6. Rodent Repellent Spray
7. Rate Glue pad

---

### 1. Rodent Kill Trap

A mechanical device designed to instantly kill rodents upon contact, typically using a spring-loaded bar or snap mechanism.

---

### 2. Rodent Box (Baiting Station)

A tamper-proof container that safely holds rodenticides or traps, protecting non-target animals and allowing rodents to feed undisturbed.

---

### 3. Rat Cages

Live-capture cages used to trap rodents without killing them, ideal for humane relocation or monitoring infestations.

---

### 4. Chronic Rodenticide

Slow-acting poison (e.g., anticoagulants) that causes death over several days, allowing rodents to return to their nests and spread the bait.

### ⚡ 5. Acute Rodenticide

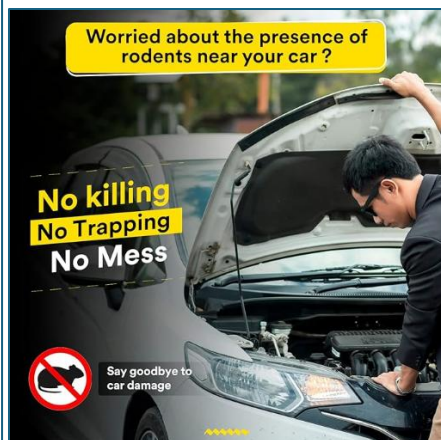

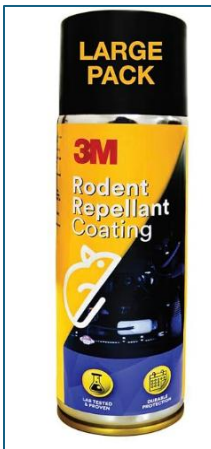

Fast-acting poison that kills rodents within hours; used for quick population knockdown but requires careful handling due to higher toxicity.

---

### 🚫 6. Rodent Repellent Spray

A chemical or natural spray that deters rodents from entering treated areas by irritating their senses or creating an unpleasant environment.

---

### 🐭 7. Rat Glue Pad

Sticky boards that trap rodents when they walk over them; non-toxic but considered inhumane due to prolonged suffering.

---

## Detailed Technical Procedure:

### **Step 1: Site Inspection and Rodent Activity Assessment**

**Estimated Time:** 2 hours

**Description:**

Our trained pest control technicians will conduct a thorough inspection of the apartment premises to identify signs of rodent activity such as droppings, gnaw marks, burrows, nesting materials, and entry points. Special attention will be given to kitchens, utility areas, basements, and false ceilings.

### **Step 2: Integrated Rodent Management (IRM) Planning**

**Estimated Time:** 1 hour

**Description:**

Based on the inspection, a customized IRM plan will be developed. This includes mapping rodent pathways, identifying food sources, and selecting appropriate control methods. The plan will combine physical, chemical, and biological control techniques for maximum effectiveness.

### **Step 3: Deployment of Advanced Rodent Control Techniques**

**Estimated Time:** 1 hours

**Description:**

We use a combination of the following advanced techniques:

- **Electronic Rodent Repellers:** Ultrasonic devices installed in strategic locations to deter rodents.
- **Smart Bait Stations:** Tamper-proof bait stations with anticoagulant rodenticides (e.g., Bromadiolone or Difenacoum) monitored via QR code tracking.

- **Glue Boards & Snap Traps:** Placed in high-activity zones for immediate capture.
- **Rodenticide Dusting:** Applied in burrows and inaccessible areas.
- **Rodent-Proofing Measures:** Sealing entry points using wire mesh, metal plates, and silicone sealants.

#### **Step 4: Sanitation & Habitat Modification**

**Estimated Time:** 1 hours

**Description:**

Rodents thrive in cluttered and unsanitary environments. Our team will guide residents on proper waste disposal, food storage, and structural modifications to eliminate rodent harborage.

#### **Step 5: Monitoring & Follow-Up**

**Estimated Time:** 1 hour (initial setup)

**Description:**

We install monitoring stations and conduct monthly follow-ups during the warranty period. Activity logs are maintained to track rodent behavior and adjust control strategies as needed.

#### **Warranty & Safety**

- **Warranty Period:** 3 months
- **Free Re-treatment:** If rodent activity is detected in treated areas during the warranty period, we will provide additional treatments at no extra cost.
- **Safety Measures:**
  - All rodenticides used are approved by the Central Insecticides Board (CIB).
  - Safe for humans and pets when used as directed.
  - Technicians wear protective gear during application.

#### **Chemicals & Devices Used**

- **Rodenticides:** Bromadiolone, Difenacoum (WHO Class II)
- **Repellers:** Ultrasonic electronic devices
- **Traps:** Glue boards, snap traps
- **Sealants:** Silicone, metal mesh, concrete patching

#### **Pre-Treatment Guidelines**

- Remove food items and pet bowls from treatment areas.

- Inform residents to avoid disturbing bait stations and traps.
- Children and pets should be kept away from treated zones for 2–4 hours post-treatment.

📌 **Notes**

- Estimated time and pricing may vary based on apartment size and infestation severity.
- Fumigation is not applicable for rodent control and is not part of this service.
- Regular inspections are key to long-term rodent management.

***Mus musculus* Linnaeus, 1758 - House Mouse**

***Rattus rattus* Linnaeus, 1758 - Black Rat (Roof Rat)**

**Greater Bandicoot Rat (*Bandicota indica*)**

**Lesser Bandicoot Rat (*Bandicota bengalensis*)**

**Brown Rat (*Rattus norvegicus*)**

***Tatera indica* Hardwicke, 1807 - Indian Gerbil**

### **Terms and conditions**

1. The customer understands that our technicians have instructions not to handle the customer's property to avoid any inadvertent damage.
2. A representative of the customer should be present during the pest management treatment to remove and shift all articles as necessary.
3. Company does not give any express or implied warranty or assurance on elimination or eradication of the pests in respect whereof this agreement is signed, during the period of this service contract, Absolute Pest Control Services shall be obliged to carry out the necessary pest management operation without incurring any liability or obligation for any inconvenience, loss, injury or damage that may be caused to the customer or any occupant of ,or visitor to, to the premises or to any property of any such persons.
4. The customer has understood his/her obligation to ensure that shelter, entry, and food are denied to pests as possible and to maintain hygienic conditions in the premises.
5. All material(s) and equipment kept by us in the customer's premises for carrying out/during service, remains the sole property of Absolute Pest Control and the customer has no right over it/ them whatsoever.
6. All annexures are part and parcel of this proposal.
7. For any complaint order, we do the similar procedure again. We do not offer partial solutions.
8. For any complain register, customers must provide bill copy or payment details along with the leftover pest (cockroach) photos or video to validate.

9. For any Complain order should be scheduled on Tuesday, Wednesday or Thursday for appointment slots at 10 AM, 12 PM, 2 PM or 4 PM based on availability.

We trust that our proposed solution is acceptable to you, and we await your favorable reply.

Thank you for your interest in Services.
