

PROGRAMA
5 DAY / 4 NIGHT
SELVA

dia 1

08:30:

Reception at the office, then lockers will be provided to store backpacks that will not be taken on the trip and to store documents and valuables in the office safe.

Once all equipment has been handed out, the company manager will introduce the guides and cooks who will accompany you throughout the tour.

08:30:

Departure from Puerto Rurrenabaque and a 2-hour trip on the Beni River to the Madidi National Park and Integrated Management Natural Area checkpoint. After ticket control, the trip continues for 1 hour on the Tuichi River.

During the trip, you can see the majestic Bala mountains and birds such as herons and kingfishers..

13:00:

LUNCH.

14:30:

Departure from the camp, sailing down the Tuichi River for 45 minutes to reach the idyllic Mirador viewpoint. Here you can see the nests of blue-throated macaws, military parrots, tarechi parrots, and other varieties of parrots. You can also take photographs of a large portion of the mountains and rivers belonging to the Madidi National Park and Natural Area of Integrated Management (PN ANMI Madidi).

After enjoying the sunset and watching the different birds return to their nests, we will return to camp for dinner.

18:00:

DINNER.

19:30:

After dinner, a ceremony is held for Pacha Mama (Mother Earth) as a symbol of protection and good luck during the trip. The ceremony is also used to commemorate the cultural heritage of the indigenous peoples of the Bolivian Amazon.

It may be possible to take a night walk along one of the trails to observe the nocturnal animals of the Amazon rainforest.

PROGRAMA
5 DAY / 4 NIGHT

SELVA

dia 2

08:00:

BREAKFAST.

09:00:

Start the hike along one of the trails to explore the different species of flora and fauna. During the hike, the guide will explain about toxic plants, endemic plants, medicinal plants, edible fruits of the jungle, among other outstanding plants. He will also explain the outstanding fauna of the Amazon rainforest. When explaining the traditional medicinal plants of the area, the guide will proceed to teach how they are prepared and used. If you are lucky, during the hike you will be able to see monkeys, snakes, toucans, and a variety of insects.

Once the tour of the circuit is complete, you will return to camp.

13:00:

LUNCH.

13:30:

Rest.

15:30:

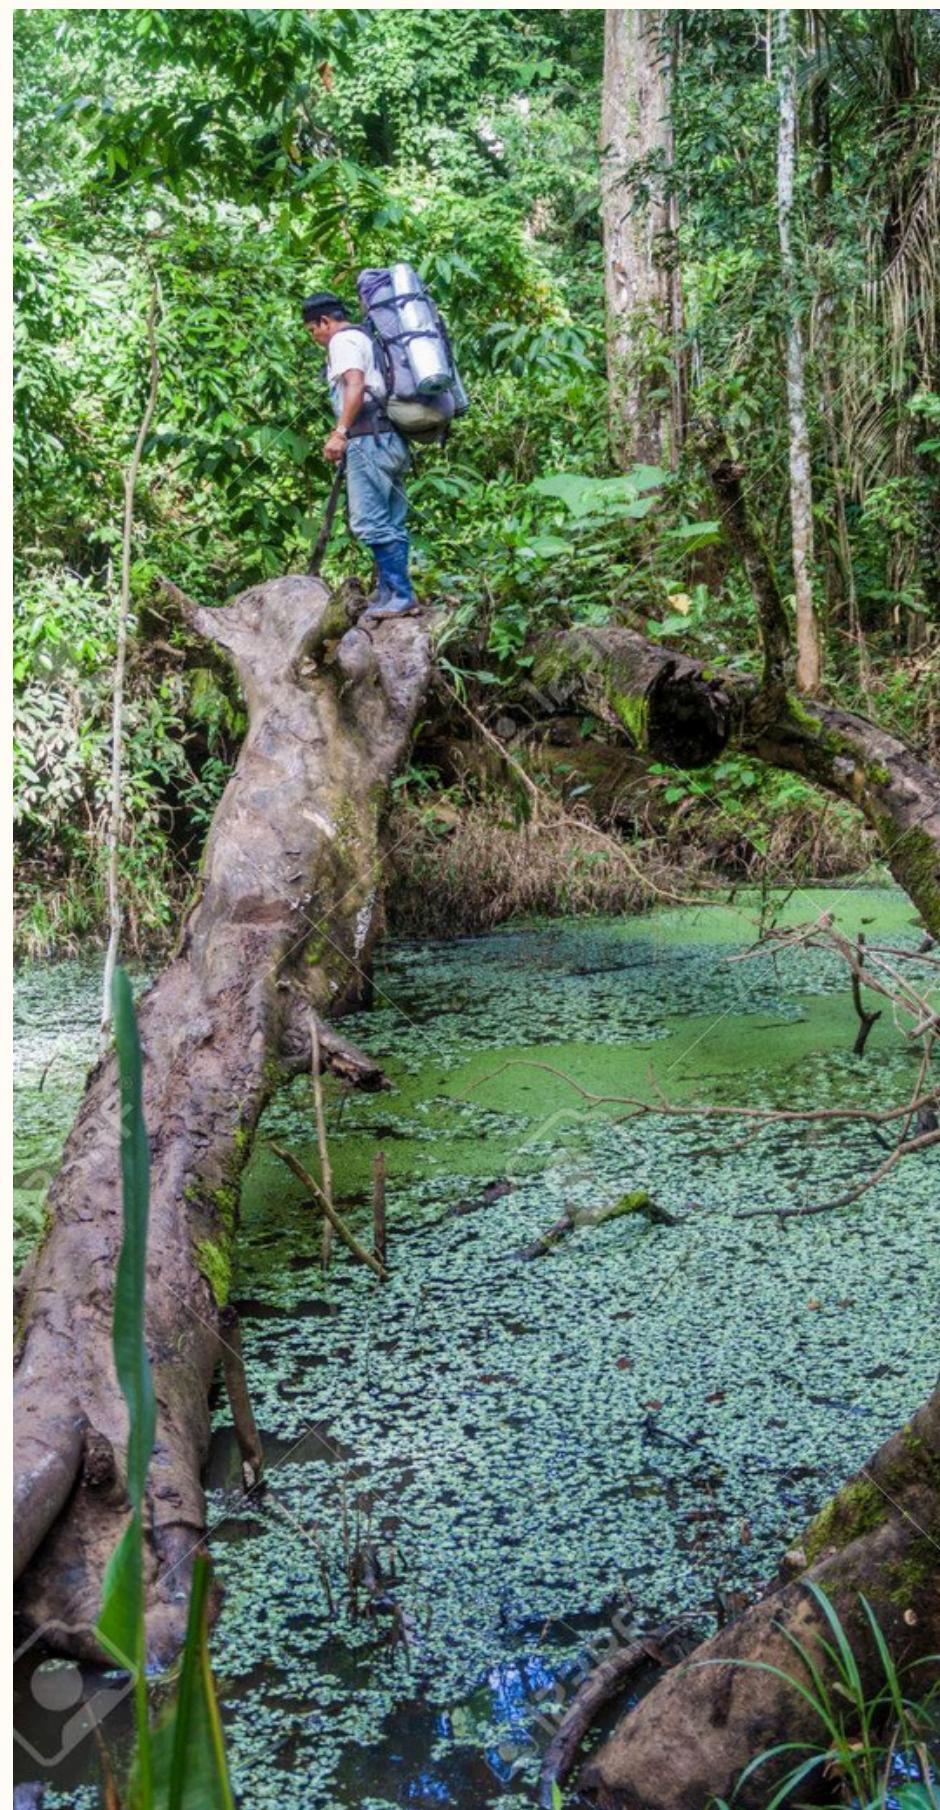

Crafting with local seeds and palms. During the workshop, the guide will explain how to handle these seeds.

18:00:

DINNER.

20:00:

Night walk along one of the trails to observe the nocturnal animals of the Amazon rainforest. Afterwards, there will be a canoe trip to observe the eyes of animals and insects found on the banks of the stream.
