# PT PARADE TRI AKSATA

AGARWOOD TRADING  
BUSINESS

## HISTORY OF PARADE TRI AKSATA

PT. Parade Tri Aksata is a company engaged in local trade and export of forestry products. The establishment of PT. Parade Tri Aksata was driven by a series of challenging experiences and high demands for responsibility and dedication in the field of forest product trading, particularly in the trade of agarwood, since 2018 by the founders: Lanny Devista as the Chief Executive Officer, Miftah Amaan Haq as the Deputy Director, and Abdul Razaq Pallawagau as the Operations Director. Armed with this experience and with the aim of creating employment opportunities, PT. Parade Tri Aksata was founded in 2021.

## ABOUT THE COMPANY

Headquartered in West Jakarta, DKI Jakarta, with an administrative office in the city of Depok, West Java, PT. Parade Tri Aksata is a leading agarwood trading company that prides itself on its reputation and integrity. PT. Parade Tri Aksata possesses specialized sorting capabilities and high-level processing skills, enabling us to produce and provide the best products that meet international standards.

PT. Parade Tri Aksata operates with confidence, backed by a strong commitment, reliable human resources, an extensive network of partners with both local and international buyers, experience, and robust company management. Together, these factors drive us to continuously grow and develop, ensuring that we remain a leading, trusted, and reliable agarwood trading company and partner to various organizations. We are also a member of the SPPGI (Indonesian Farmers & Agarwood Entrepreneurs Association), which regulates agarwood trade.

# PRODUCTS

PT. Parade Tri Aksata is a forestry products trading company, specializing in agarwood trading in Indonesia, with steady growth over time. Through our capabilities and experience, we not only provide standard wood products but place a greater emphasis on the quality of wood sorting we offer for customer satisfaction. We provide special classifications, ranging from premium/high-grade wood to lower grades, allowing customers to choose product varieties that suit their needs. This adds value to the products we offer, including aspects such as price, consultation on product variety selection, and product quality.
