Build your dream.  
Or we build it together.

100% Dutch Design.  
With the latest insights.  
No concessions to performance.

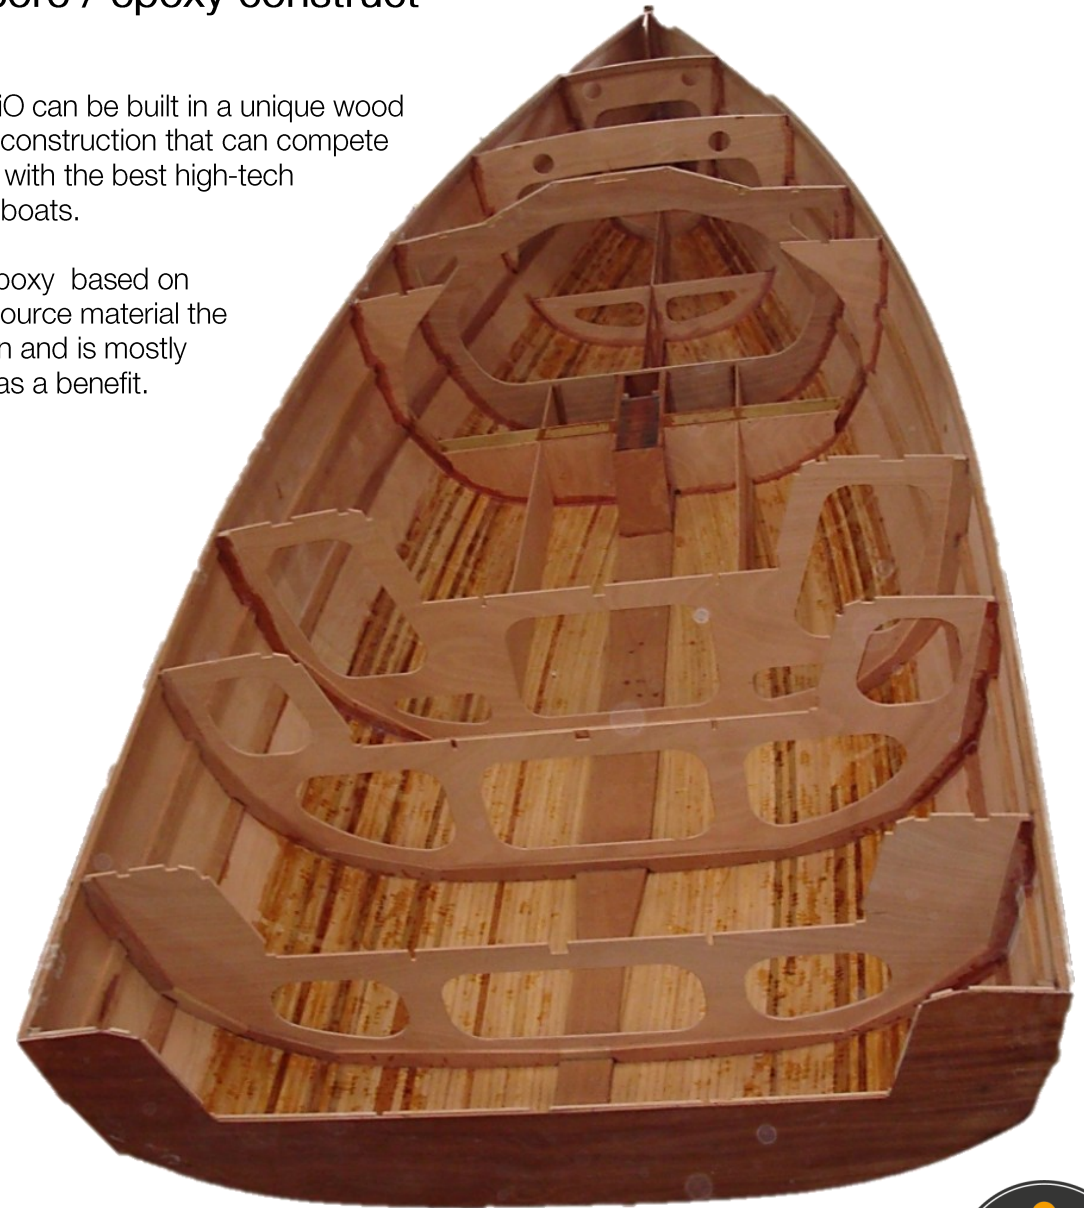

We are Project Made in Holland.  
Nautical game changers taking a different  
approach in designing your dream yacht.  
Not shying away to add the latest insights in  
ergonomics, design, products and innovations.

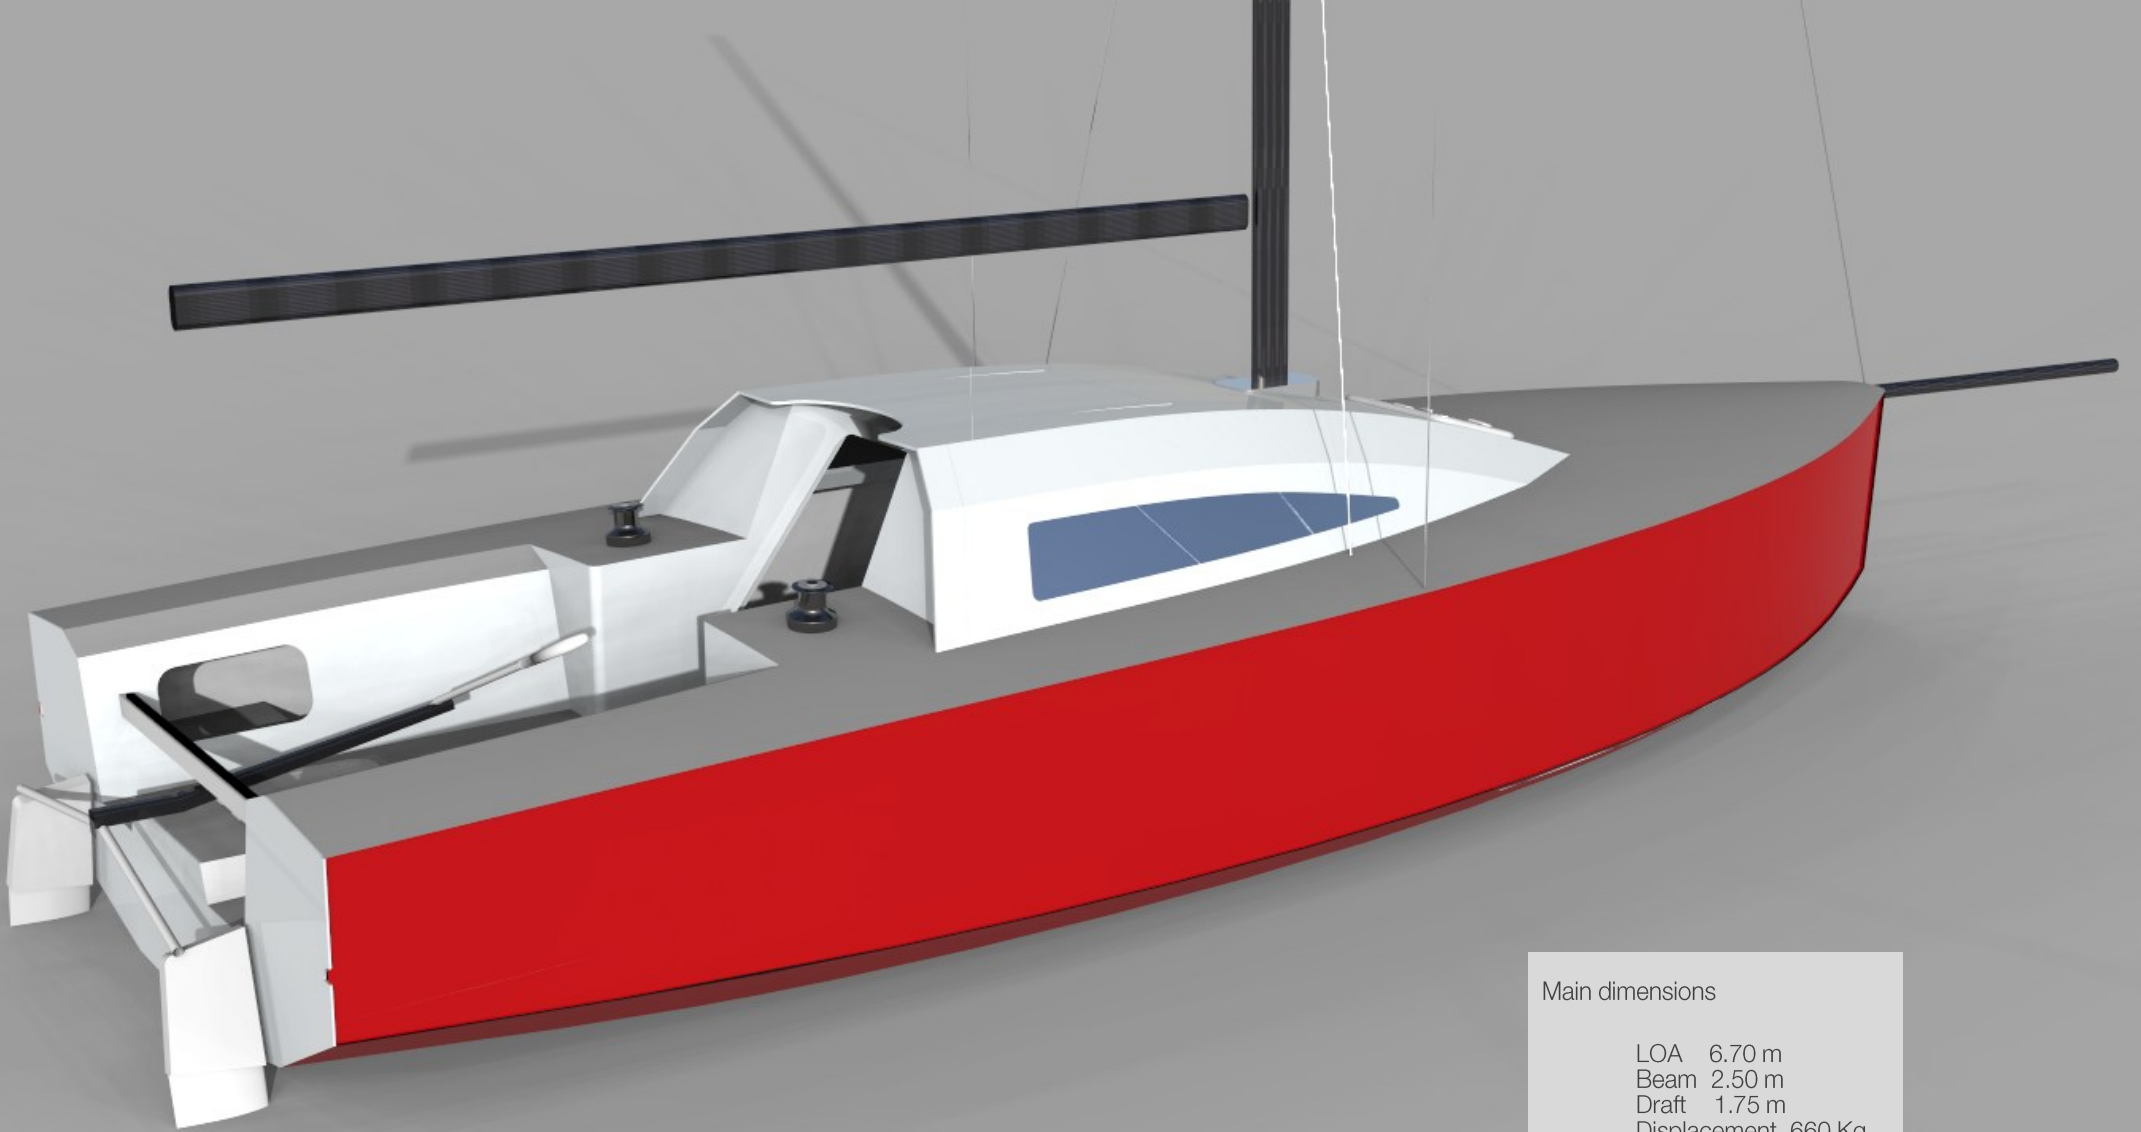

Adjust the design, and build het yourself or we do  
it together. The 'Project Made In Holland.com' way  
of working.

## Wood core / epoxy construct

The M22 XiO can be built in a unique wood  
composite construction that can compete  
structurally with the best high-tech  
composite boats.

Using an epoxy based on  
biological source material the  
boat is even and is mostly  
recyclable as a benefit.
