

# FUSION

MESO

Fusion Meso is a professional aesthetic skincare brand. Derived from advanced skincare formulas designed to enhance non-invasive treatments and support healthier, more youthful looking skin.

## AGEING & WRINKLES

### F-XFC: Revitalization- Cellular Nutrition - Anti-Ageing

Sterile and isotonic solution containing NCTC135. Designed to rejuvenate the appearance of the skin by providing essential nutrients and promoting cellular activity. NCTC135 offers protection against radicals, and is highly effective as a moisturizer and for activating cell metabolism. This helps respiratory oxygen consumption in the cell's mitochondria, and increases the production of intracellular adenosine triphosphate. This biochemical energy serves as fuel for numerous vital cell functions, such as cell division and protein synthesis.

Main ingredients: NCTC135 (4 minerals, 23 amino acids, 18 vitamins, 6 co-enzymes, 5 nucleic acids, 2 reducing agents)

Areas: Face, neck, décolleté, and hands.

Content per box: 5 vials of 10ml - 50ml/1.69 fl. oz

### F-LIFT+FACE: Wrinkles - Lifting - Skin Volumes - Skin Tone

Sterile and isotonic solution that contains a high concentration of 4 biomimetic peptides and 3 growth factors (Fibroblast GF, Epidermal GF, Thioredoxin GF). This potent product gives the skin a lifted and firm appearance after just a few treatments. The active ingredients focus on supporting skin firmness and elasticity by hydrating and aiding the regeneration of the dermal matrix. Growth factors promote the proliferation of skin cells, especially keratinocytes and fibroblasts, increasing levels of collagen and elastin. Hexapeptide-10 boosts the synthesis of proteins strengthening the dermo-epidermal junction. Carcinine, a peptide compound, helps protect collagen from external aggression.

Main ingredients: Hyaluronic acid MW, EGF+FGF+TRX growth factors, Carcinine, Oligopeptide-24, Oligopeptide-34, Hexapeptide-10

Areas: Face, neck, décolleté, and hands.

Content per box: 5 vials of 5ml - 25ml/0.85 fl. oz

## F-EXOSOMES: Wrinkles - Lifting - Skin Volumes/Tone - Repair

Sterile and isotonic solution combining 1.5% pure hyaluronic acid (HA) and exosomes derived from Lactobacillus cultures. Designed to hydrate, rejuvenate, and enhance the appearance of skin by promoting cellular activity and improving resilience. The HA attracts and retains moisture, providing deep hydration to plumps the skin and reduces the appearance of fine lines. Exosomes are rich in proteins, lipids, and signaling molecules that facilitate regeneration. These exosomes deliver active ingredients directly to skin cells to promote elasticity and a healthy complexion.

Main ingredients: Hyaluronic acid MW, Lactobacillus exosomes

Areas: Face, neck, decollete, and hands.

Content per box: 5 vials of 5ml - 25ml / 0.85 fl. oz

## PIGMENTATION DISORDERS

## F-MELACLEAR: Pigmentation - Melasma - Pigmentation Spots

Sterile and isotonic solution formulated for reducing the appearance of dark spots on localized areas with active synergy ingredients. Tranexamic acid and arbutin both inhibit tyrosinase, the enzyme responsible for melanin production. Glutathione lightens the skin by converting melanin to a lighter shade and deactivating tyrosinase. Niacinamide aids in redness reduction and resorcinol assists with mild skin peeling and rejuvenation.

Main ingredients: Niacinamide, Tranexamic acid, Resorcinol, Glutathione, Arbutin

Areas: Face, neck, decollete, and hands.

Content per box: 5 vials of 10ml - 50ml / 1.69 fl. oz

## F-GLOW LIFT: Photo-Ageing, Pigmentation, Skin Tone, Wrinkles

Sterile and isotonic solution formulated to even out skin tone and minimize wrinkles and sagging. The effects of acetyl glycol, peptides, glutathione, vitamin C, niacinamide, and tranexamic acid address pigmentation. Melanin inhibition enzymes decrease transport and reduce skin redness. In addition, hyaluronic acid, FGF, and organic silicium enhance hydration, stimulate fibroblast proliferation, and boost collagen protein synthesis. DMAE amplifies the firming effect and diminishes wrinkles.

Main ingredients: Organic silicium, Hyaluronic acid MW, FGF, Tranexamic acid, DMAE, Niacinimide, Vitamin C, Glutathione, Acetyl glycol peptide

Areas: Face, neck, decollete, and hands.

Content per box: 5 vials of 5ml - 25ml / 0.85 fl. oz

## OILY SKIN

### F-ACN: Reduces Oiliness - Acne - Blemishes - Hydration - Soothe

Sterile and isotonic solution tailored for acne-prone skin types. This formula integrates vitamin B5 and niacinamide to alleviate acne-associated redness. Hyaluronic acid hydrates and Zinc helps to reduce acne. To enhance efficacy and cellular bioavailability, zinc is paired with L-PCA, to naturally moisturize and address conditions such as acne, rosacea, eczema, and psoriasis.

Main ingredients: Hyaluronic acid MW, Niacinamide, ZnPCA, Panthenol

Areas: Face, neck, and decollete.

Content per box: 5 vials of 10ml - 50 ml / 1.69 fl. oz

## REDNESS

### F-COUPERIX: Redness - Inflammation - Couperosis - Capillaries

Sterile and isotonic solution to reduce appearance of couperosis and redness. Designed specifically to decrease facial redness and telangiectasia. Improves microcirculation and oxygen delivery to the skin. Natural antioxidants help to protect the skin from stressors.

Main ingredients: Acetyl tetrapeptide-40, Organic silicium, VEGF growth factor, Phytic acid, Ginko extract

Areas: Face and neck.

Content per box: 5 vials of 5ml - 25 ml / 0.85 fl. oz

## SPECIFIC AREAS

### F-EYE CONTOUR: Wrinkles - Dehydrated Skin - Eye Bags

Sterile and isotonic solution designed for addressing sensitive eye areas, including eye bags, dark circles, wrinkles, sagging, and dryness. Hyaluronic acid boosts hydration, hexapeptide-10 enhances essential protein synthesis and strengthens dermo-epidermal junction. Topically, caffeine can reduce redness and puffiness while aiding in draining excessive fluids and combating edema-forming mechanisms.

Main ingredients: Acetyl tetrapeptide-5, Organic silicium skin, Hexapeptide-10, Hyaluornic acid MW, Vitamin C, Caffeine

Areas: Eye Contour

Content per box: 5 vials of 5ml - 25ml / 0.85 fl. oz

## SCARS & STRETCH MARKS

### F-MESOMATRIX: Repair - Scars - Stretch Marks

Sterile and isotonic solution enriched with hyaluronic acid, organic silicium, and growth factors. This formula helps diminish visibility of scars and stretch marks. The epidermal and fibroblast growth factors promote cellular growth, skin regeneration, and expedites the repair of damaged skin for superior natural integrity. Hyaluronic acid provides skin hydration and collagen synthesis.

Main ingredients: Organic silicium, Hyaluronic acid MW, EGF growth factor, Cica - Centella Asiatica extract.

Areas: Face and body.

Content per box: 5 vials of 5ml - 25ml / 0.85 fl. oz

## HAIR CARE

### F-HAIR MEN: Revitalization - Hair Loss - Alopecia - Hair Thinning

Sterile and isotonic solution designed to improve hair with growth factors, clover extract, peptides, organic silicium, and hyaluronic acid. This formulation moisturizes the scalp and hair shaft, improves density, smooths texture, and provides overall increase in quality of hair follicles. Suitable for men and women.

Main ingredients: Acetyl tetrapeptide-3, Clover extract, EGF growth factor, FGF growth factor, VEGF growth factor, Copper tripeptide-1, Decapeptide-4, Organic Silicium, Carnosine, Dexpanthenol, Hyaluronic acid MW

Areas: Hair, scalp, and eye lashes.

Content per box: 5 vials of 5ml - 25ml / 0.85 fl. oz

## BODY SLIMMING & FIRMING

### F-LIFT+BODY: Body Firming

Sterile and isotonic solution to reduce appearance of skin sagging. This formula is designed to tighten and firm skin when applied. Containing hyaluornic acid, DMAE, FGF growth factor, and organic silicon to see visible results in firmness and elasticity of skin.

Main ingredients: Organic silicium, FGF growth factor, DMAE, Hyaluronic acid MW

Areas: Body.

Content per box: 5 vials of 10ml - 50ml / 1.69 fl. oz

## F-XBC: Cellulite - Fat Deposits

Sterile and isotonic solution to minimize appearance of cellulite and promote lipolysis for smooth and toned skin. This formula brings potent ingredients of caffeine, L-carnitine, taurine, and vectorized lipase to amplify fat breakdown, alleviate blood vessels, and optimize fluid drainage. Also effect in addressing cellulite-related inflammation and diminishing varicose veins.

Main ingredients: Caffeine, Carnitine, Taurine, Vectorized lipase, Hyaluronidase, Cica-Centella Asiatica extract, Ginkgo extract, Artichoke extract, Coumarin, Troxerutin  
Areas: Body.

Content per box: 5 vials of 10ml - 50ml / 1.69 fl. oz

## STERILE CREAM

## SMART MIX: Hydration - Nutrition - Repair

Smart Mix is a patented formula that facilitates the crafting of personalized sterile creams from any sterile solution. Based on micro-emulsion of 100% natural emulsifiers and emollients. Applying sterile cream when skin barrier is compromised significantly reduces risk of infection. Pathogens from meso-needling can trigger redness, inflammation, and infections.

Main ingredients: Natural Emulsifier, Emollients

Areas: Face, neck, décollete, and hands.

Content per box: 5 vials of 10ml - 50ml / 1.69 fl. oz
